File No.: OL/REAPP_EC/MIN/DURG/3167C
Government of India
Ministry of Environment, Forest and Climate Change
(Issued by the State Environment Impact Assessment Authority(SEIAA),
CHHATTISGARH)

Dated 02/02/2026

To,

Mr. Amit Jumnani
M/s. Akola Bricks Earth Quarry
Village – Akola, Tehsil – Dhamdha, District - Durg, Chhattisgarh
amitjumnani10@gmail.com

Subject: Grant of prior Environmental Clearance (EC) for mining of Earth clay (Minor Minerals) capacity – 2,500 cum/year in khasra no. 551/2, 552, 556/3, 557, 558/2, Area- 1.56 Hectare at Village – Akola, Tehsil – Dhamdha District - Durg, Chhattisgarh under the provision of the EIA Notification 2006-regarding

Sir/Madam,

This is in reference to your application submitted to SEIAA vide proposal number SIA/CG/MIN/464008/2024 dated 17/10/2024 for grant of prior Environmental Clearance (EC) to the project under the provision of the EIA Notification 2006-and as amended thereof.

2. The particulars of the proposal are as below :

(i) EC Identification No.	EC24C0108CG5548486N
(ii) File No.	OL/REAPP_EC/MIN/DURG/3167C
(iii) Clearance Type	Mining EC Under 5 Ha
(iv) Category	B2
(v) Project/Activity Included Schedule No.	1(a) Mining of minerals
(vii) Name of Project	M/s. Akola Bricks Earth Quarry, Proprietor – Mr. Amit Jumnani
(viii) Location of Project (District, State)	DURG, CHHATTISGARH
(ix) Issuing Authority	SEIAA
(x) Applicability of General Conditions	No

It is noted that original application is for mining of Earth clay (Minor Minerals) capacity – 2,500 cum/year. After deliberation, SEIAA unanimously accepted the recommendation of SEAC-3 and decided to grant Environmental Clearance for mining of Earth clay (Minor Minerals) capacity – 2,500 cum/year in khasra no. 551/2, 552, 556/3, 557, 558/2, Area- 1.56 Hectare at Village – Akola, Tehsil – Dhamdha District - Durg, Chhattisgarh under the EIA Notification,

2006 (as amended) listed in Schedule 1(a) Mining of minerals under Category “B2”.

3. This Environment Clearance is for mining of Earth clay (Minor Minerals) capacity – 2,500 cum/year in khasra no. 551/2, 552, 556/3, 557, 558/2, Area- 1.56 Hectare at Village – Akola, Tehsil – Dhamdha, District - Durg, Chhattisgarh.
4. In view of the particulars given in the Para 1 above, the project proposal interalia including Form-2 were submitted to the SEIAA under the provision of EIA notification 2006 and its subsequent amendments.
5. The above-mentioned proposal has been considered by State Environment Impact Assessment Authority (SEIAA) in the meeting held on 08/01/2026. The minutes of the meeting and all the Application and documents submitted are available on PARIVESH portal which can be accessed by scanning the QR Code above.
6. Details of the minerals to be mined along with production capacity and the brief on the salient features of the project as submitted by the project proponent in Form 2 presented are annexed to this EC as Annexure (1).
7. The SEAC, in its meeting held on 21/11/2025, based on information & clarifications provided by the project proponent and after detailed deliberations on all technical aspects and compliance thereto furnished by the Project Proponent, recommended the proposal for grant of Environment Clearance under the provision of EIA Notification, 2006 and as amended thereof subject to stipulation of Specific and Standard EC conditions as detailed in the point below.
8. The SEIAA has examined the proposal in accordance with the Environment Impact Assessment (EIA) Notification, 2006 & further amendments thereto and after accepting the recommendations of the SEAC and hereby decided to grant Environment Clearance for the instant proposal under the provisions of EIA Notification, 2006 and as amended thereof subject to compliance of the Specific and Standard EC conditions as given in Annexure (2).
9. The Ministry reserves the right to stipulate additional conditions, if found necessary.
10. The Environmental Clearance to the aforementioned project is under provisions of EIA Notification, 2006. It does not tantamount to approvals/consent/permissions etc. required to be obtained under any other Act/Rule/regulation. The Project Proponent is under obligation to obtain approvals /clearances under any other Acts/ Regulations or Statutes, as applicable, to the project.
11. The PP is under obligation to implement commitments made in the Environment Management Plan, which forms part of this EC.
12. General Instructions:
 1. The project proponent shall prominently advertise it at least in two local newspapers of the District or State, of which one shall be in the vernacular language within seven days indicating that the project has been accorded environment clearance and the details of SEIAA website where it is displayed.
 2. The copies of the environmental clearance shall be submitted by the project proponents to the Heads of local bodies, Panchayats and Municipal Bodies in addition to the relevant offices of the Government who in turn must display the same for 30 days from the date of receipt.
 3. The project proponent shall have a well laid down environmental policy duly approved by the Board of Directors (in case of Company) or competent authority, duly prescribing standard operating procedures to have proper checks and balances and to bring into focus any infringements/deviation/violation of the environmental / forest / wildlife norms / conditions.
 4. Action plan for implementing EMP and environmental conditions along with responsibility matrix of the project proponent (during construction phase) and authorized entity mandated with compliance of conditions (during operational phase) shall be prepared. The year wise funds earmarked for environmental protection measures shall be kept in separate account and not to be diverted for any other purpose. Six monthly progress of implementation of action plan shall be reported to the Ministry/Regional Office along with the Six-Monthly Compliance Report.
 5. Concealing factual data or submission of false/fabricated data may result in revocation of this environmental

clearance and attract action under the provisions of Environment (Protection) Act, 1986.

6. The Regional Office of this SEIAA shall monitor compliance of the stipulated conditions. The project authorities should extend full cooperation to the officer (s) of the Regional Office by furnishing the requisite data / information/monitoring reports.

7. Any appeal against this EC shall lie with the National Green Tribunal, if preferred, within a period of 30 days as prescribed under Section 16 of the National Green Tribunal Act, 2010.

13. This issue with an approval of the Competent Authority.

Annexure 1

Specific EC Conditions for (Mining Of Minerals)

1. Additional Conditions

S. No	EC Conditions
1.1	<p>Additional conditions</p> <ol style="list-style-type: none">1. If any report received from the Mining department, CECB to SEIAA/SEAC, C.G that the stipulated conditions mentioned in Environmental Clearance issued by concerned authorities have not been complied by PP, then this Environment Clearance can be suspended or cancelled and whatever penalty or compensation are sought by mining department or CECB or Concerned department, the same shall be agreed and deposited by the Project Proponent.2. The concerned Regional Office of CECB shall ensure the strict compliance of the Environment Conditions, failing which the RO shall be responsible for closing the mining operation for non-fulfillment of the above conditions. Concerned RO of CECB shall grant the renewal only after the fulfillment of the Environment Conditions by the concerned PP.3. Project Proponent shall follow the terms and conditions mentioned in MoEF&CC notification G.S.R. (E) dated 22.02.2022.

S. No	EC Conditions
	<ol style="list-style-type: none"> 4. Chhattisgarh Environment Conservation Board shall give consent only after the brick kiln shall be converted to zig-zag technology or vertical shaft. FCBTK (Fixed Chimney Bull's Trench Kiln) shall not be allowed under any circumstances. 5. Project proponent shall ensure that height of the chimney shall not be less than 33 meter. 6. Dense plantation of trees (200 nos) around the 1 meter mine lease area (area restricted for excavation) and ensuring a 90 percent survival rate of the planted plants. 7. The project proponent shall complete plantation in 1 meter wide safety zone in the first monsoon season from issue date of environment clearance. 8. Regular water sprinkling arrangements in the mine lease area and also in haul road to control the fugitive dust emissions. 9. Employment provided to the local people under the Chhattisgarh Model Rehabilitation Policy. 10. Project proponent shall ensure that any kind of contaminated water (if generated) shall not flow into the natural water source, pond, river, drain under any circumstances. 11. Fly ash and Coal shall be stored in covered shed. Good housekeeping shall be maintained. 12. Fly ash generated from the kiln shall be reused in the manufacturing of bricks. Broken bricks shall be used for kiln maintenance, road maintenance etc. 13. There should be regular monitoring of the mining activities in the State to ensure effective compliance of stipulated EC conditions and of the provisions under the Minor Mineral Concessions Rules framed by the State Government. 14. Project proponent shall ensure that mining operation shall be carried out only after sunrise and before sunset. 15. The pollution load due to transportation on the environment shall be effectively controlled and water sprinkling shall also be done regularly. 16. Project proponent shall ensure the construction of boundary pillars all around lease area as per Mineral Concession Rules,1960 (as amended). 17. Brick, coal transportation and Fly ash transportation shall be carried out through covered trucks only and the vehicles carrying the mineral shall not be overloaded. 18. Project proponent shall ensure at the time of closure of mine the whole pit will be reclaimed by overburden/ topsoil etc. and do native tree species plantation. 19. Project proponent shall submit Completion certificate of proposed plantation under CER activities, 1 meter wide safety barrier plantation along with Geotag photographs in six monthly compliance report. 20. Project proponent shall ensure that no excavation is carried out in the non-mining area. 21. Project proponent shall not do any mining or related activities outside the lease area. 22. Project proponent shall not cut any Green Trees of lease area without the permission of District Collector.

2. Specific Condition

S. No	EC Conditions
2.1	<p>1. Project proponent shall complete the plantation work in the 1 wide green belt area within 01 year.</p> <p>2. Compliance of the above conditions is mandatory. If these condition are not complied within 1 year, the concerned RO, CECB shall take necessary action against the mine owner which may also include the closure of the mining operations.</p>

Standard EC Conditions for (Mining of minerals)

1. Statutory Compliance

S. No	EC Conditions
1.1	<p>Standard Conditions</p> <p>1. Statutory compliance</p> <ol style="list-style-type: none"> 1. The Environmental clearance shall be subject to orders of Hon'ble Supreme Court of India, Hon'ble High Courts, NGT and any other Court of Law, from time to time, and as applicable to the project. 2. The project proponent shall obtain forest clearance under the provisions of Forest (Conservation) Act, 1986, in case of the diversion of forest land for non-forest purpose involved in the project. 3. The project proponent shall obtain clearance from the National Board for Wildlife, if applicable. 4. The project proponent shall prepare a Site-Specific Conservation Plan & Wildlife Management Plan and approved by the Chief Wildlife Warden. The recommendations of the approved Site-Specific Conservation Plan / Wildlife Management Plan shall be implemented in consultation with the State Forest Department. The implementation report shall be furnished along with the six-monthly compliance report (in case of the presence of schedule-I species in the study area). 5. The project proponent shall obtain Consent to Establish / Operate under the provisions of Air (Prevention & Control of Pollution) Act, 1981 and the Water (Prevention & Control of Pollution) Act, 1974 from the concerned State pollution Control Board/ Committee. 6. The project proponent shall obtain the necessary permission from the Central Ground Water Authority. 7. Permission of power supply to be taken from the concerned authority for meeting power demand of the project site. 8. The maximum production or peak production at any given time shall not exceed the limit as prescribed in the EC. 9. Validity of EC is as per life of the mine mentioned in EC letter or 30 years from lease execution date (i.e. upto 02/07/2034) as per EIA Notification, 2006 and its amendments therein. <p>Air quality monitoring and mitigation measure</p>

S. No	EC Conditions
	<ol style="list-style-type: none"> 1. Ambient air quality monitoring shall be conducted once in a year in the core zone as well as in the buffer zone for monitoring of pollutants, namely particulates, SO₂ and NO_x. Location of the stations shall be decided based on the meteorological data, topographical features and environmentally and ecologically sensitive receptors. The report shall be submitted to the SEIAA, C.G./ SEAC, C.G. 2. The Ambient Air Quality monitoring in the core zone shall be carried out. Data on ambient air quality and heavy metals such as Hg, As, Ni, Cd, Cr and other monitoring data shall be regularly reported to the Ministry/Regional Office and to the CPCB/SPCB. 3. Transportation of clay/ bricks, to the extent if permitted by road, shall be carried out by covered trucks. Effective control measures such as regular water sprinkling etc., shall be carried out in critical areas prone to air pollution with higher level of particulate matter all through the transport roads, loading/unloading and transfer points. Fugitive dust emissions from all sources shall be controlled regularly. It shall be ensured that the ambient air quality parameters conform to the norms prescribed by the Central/State Pollution Control Board. 4. Major approach roads shall be properly maintained. 5. Vehicular emissions shall be kept under control and regularly monitored. All the vehicles engaged in mining and allied activities shall operate only after obtaining 'PUC' certificate from the authorized pollution testing centres. 6. Adequate number of water sprinklers shall be installed to reduce the impact of air pollution at dust generating sources with time bound action plan. <p>Water quality monitoring and mitigation measures</p> <ol style="list-style-type: none"> 1. Regular monitoring of ground water level and quality shall be carried out in and around the mine lease area by establishing a network of existing wells and constructing new piezometers during the mining operations. The monitoring of ground water levels shall be carried out four times a year i.e. pre-monsoon, monsoon, post-monsoon and winter. The ground water quality shall be monitored once a year, and the data thus collected shall be sent regularly to MOEFCC/RO. 2. If any river, ponds and lakes close to the mine lease area, monitoring of water quality upstream and downstream of river including ponds, lakes shall be carried out once in six months and record of monitoring data shall be maintained and submitted to the Ministry of Environment, Forest and Climate Change/Regional Office. 3. Ground water, excluding mine water, shall not be used for mining operations. Rainwater harvesting shall be implemented for conservation and augmentation of ground water resources. 4. The project proponent shall not alter major water channels around the site. Appropriate embankment shall be provided along the side of the river/nallah flowing near or adjacent to the mine. The embankment constructed along the river/nallah boundary shall be of suitable dimensions and critical patches shall be strengthened by stone pitching on the river front side, stabilized with plantation so as to withstand the peak water pressure preventing any chance of mine inundation. 5. Garland drains (of suitable size, gradient and length) around the critical areas i.e. mine shaft and low lying areas, shall be designed keeping at least 50% safety margin over and above the peak sudden rainfall and maximum discharge in the area adjoining the mine sites. The sump capacity shall also provide adequate retention period to allow proper settling of silt material

S. No	EC Conditions
	<p>of the surface runoff.</p> <ol style="list-style-type: none"> 6. The water pumped out from the mine, after siltation, shall be utilized for industrial purpose viz. watering the mine area, roads, green belt development etc. The drains shall be regularly desilted particularly after monsoon and maintained properly. 7. Adequate groundwater recharge measures shall be taken up for augmentation of ground water. The project authorities shall meet water requirement of nearby village(s) in case the village wells go dry due to dewatering of mine. 8. The surface drainage plan including surface water conservation plan for the area of influence affected by the said mining operations shall be prepared, considering the presence of any river/rivulet/pond/lake etc., with impact of mining activities on it, and implemented by the project proponent. The surface drainage plan and/or any diversion of natural water courses shall be as per the provisions of the approved Mining Plan/ EIA-EMP submitted to this Ministry and the same should be done with due approval of the concerned State/GoI Authority. The construction of embankment to prevent any danger against inrush of surface water into the mine should be as per the approved mining plan and as per the permission of DGMS. 9. Domestic water shall be providing to the residents/villages which are coming under the zone of influence of the project due to ground water extraction by installing a RO plant. <p>Mining Plan</p> <ol style="list-style-type: none"> 1. Mining shall be carried out under strict adherence to provisions of the Mines Act 1952 and subordinate legislations made there-under as applicable. 2. No mining shall be carried out in forest land without obtaining Forestry Clearance as per Forest (Conservation) Act, 1980 and also adhering to The Scheduled Tribes and Other Traditional Forest Dwellers (Recognition of Forest Rights) Act, 2006 read with provisions of Indian Forest Act, 1927. 3. Efforts should be made to reduce energy and fuel consumption by conservation, efficiency improvements and use of renewable energy. <p>Land Reclamation</p> <ol style="list-style-type: none"> 1. Digital Survey of entire lease hold area/core zone using Satellite Remote Sensing survey shall be carried out at least once in three years for monitoring land use pattern and report in 1:50,000 scale or as notified by Ministry of Environment, Forest and Climate Change(MOEFCC) from time to time shall be submitted to MOEFCC/Regional Office (RO). 2. Regular monitoring of subsidence movement on the surface over and around the working areas and its impact on natural drainage pattern, water bodies, vegetation, structure, roads and surroundings shall be continued till movement ceases completely. In case of observation of any high rate of subsidence beyond the limit prescribed, appropriate effective mitigation measures shall be taken to avoid loss of life and materials. Cracks should be effectively plugged in with ballast and clay soil/suitable material. 3. A separate team for subsidence monitoring and surface mitigation measures shall be constituted and continuous monitoring & implementation of mitigation measures be carried out. 4. Thorough inspection of the mine lease area for any cracks developed at the surface due to

S. No	EC Conditions
	<p>mining activities below ground shall be carried out to prevent inrush of water in the mine.</p> <p>5. Native tree species shall be selected and planted over areas affected by subsidence.</p> <p>6. The project proponent shall make necessary alternative arrangements, if grazing land is involved in core zone, in consultation with the State government to provide alternate areas for livestock grazing, if any.</p> <p>Public hearing and Human health issues</p> <p>1. Adequate illumination shall be ensured in all mine locations (as per DGMS standards) and monitored.</p> <p>2. The project proponent shall undertake occupational health survey for initial and periodical medical examination of the personnel engaged in the project and maintain records accordingly as per the provisions of the Mines Rules, 1955 and DGMS circulars. Besides regular periodic health check-up, 20% of the personnel identified from workforce engaged in active mining operations shall be subjected to health check-up for occupational diseases and hearing impairment, if any, as amended time to time.</p> <p>3. Personnel (including outsourced employees) working in core zone shall wear protective respiratory devices and shall also be provided with adequate training and information on safety and health aspects.</p> <p>4. Effective arrangement shall be made to provide and maintain at suitable points conveniently situated, a sufficient supply of drinking water for all the persons employed.</p> <p>5. PP to conduct need based assessment survey of the area to for in order to decide the activities to be carried under the CSR and to provide detail of the activity carried out with adequate budgetary provision and time bound action plan.</p> <p>6. Project proponent shall conduct health checkup facilities twice in a year for the villagers.</p> <p>7. PP to take measure for installation of Renewable Energy sources in nearby area falling within 10 km radius.</p> <p>Corporate Environment Responsibility</p> <p>1. The environmental policy should prescribe for standard operating procedures to have proper checks and balances and to bring into focus any infringements/ deviation/ violation of the environmental/ forest/ wildlife norms/ conditions.</p> <p>2. A separate Environmental Cell both at the project and company head quarter level, with qualified personnel shall be set up under the control of senior Executive, who will directly to the head of the organization.</p> <p>3. Action plan for implementing EMP and environmental conditions along with responsibility matrix of the company shall be prepared and shall be duly approved by competent authority. The year wise funds earmarked for environmental protection measures shall be kept in separate account and not to be diverted for any other purpose. Year wise progress of implementation of action plan shall be reported to the Ministry/Regional Office along with the Six Monthly Compliance Report.</p> <p>4. Self environmental audit shall be conducted annually. Every three years third party environmental audit shall be carried out.</p>

500 m	Date : 18/09/2024 No. of other mines – 05, Area – 4.082 Ha. Total no. of mines in cluster – 06, Area – 5.642 Ha.																																													
200 m	Date : 18/09/2024 River Kharun is located within 200 meter radius Other Restricted Area – No																																													
Lease Deed	Old lease holder – Mr. Kishan lal Jumrani Lease Transfer date – 11/11/2006 Present lease holder – Mr. Amit Jumrani Date - 03/07/2004 to 02/07/2034 Validity Period – 30 Years																																													
SIA/CG/MIN/464008/2024 Forest Department NOC	Date : 15/05/2025 Issued by Divisional Forest Officer, Durg Forest Division, Dur																																													

	g Distance from Nearest Forest – 16.40 Km (Nandini forest) No National Park, Sanctuary, Biodiversity areas within 10 km radius.
Nearest Habitation/Structure	Village – Bana 650 Meter School - Akola 1 km Hospital – Malpuri kala 3.8 km National Highway – 7 km State Highway – 21.5 km PMGSY/CMGSY - 1 km Village road (Path way) – 50 meter River – Kharun within 200 meter
Ecology/Biodiversity Area	As per EMP, no Inter-state border, national park, sanctuary, or critically polluted area declared by the Central Pollution Control Board, ecologically sensitive area or declared biodiversity area located within its 10 km radius.
Mining Details	Mining Method – Open cast manual According to Quarry Plan Reserves: Geological Reserves – 22,200 Cum Mineable Reserves – 15,486 Cum Proposed depth - 2 meter Bench Height – 1 meter Bench width - 1 meter Life of Mine – 6 Years Area under Fix Chimney Kiln – 2,070 Sqm (Mentioned in mining plan) Chimney Height - 35 meter Fly Ash -50% Coal requirement for 1 Lakh bricks – 1.5 Tonnes Year Wise Production Detail – 1st Year – 2,500 cum 2nd Year – 2,500 cum 3rd Year – 2,500 cum 4th Year – 2,500 cum 5th Year – 2,500 cum
Restricted Area for Mine (Mine Safety Area)	Area for 1 m wide safety zone – 640 Sqm Excavated – No Mentioned in Mining Plan – No
Non mining zone	Yes, Due to Chimney/Kiln – 2,335 sqm
Water Requirement	Quantity – 5 KLD Source – Ground Water NOC from the concerned Department / Branch - CGWA Valid from date 17/05/2023
Plantation	Plantation of trees around 1 meters of lease area - 640 sqm As per EC issued by DEIAA – 312 nos.

	<p>Current Plantation - 120 (alive) Proposed Plantation - 200 nos. Amount for 5 years for the proposed plantation work (Total p lantation - 200 nos.) - Rs. 3,71,000/-</p>				
DSR (District Survey Report)	<p>Submitted Year - 2025 District - Durg</p>				
CTE/CTO copy issued by CE CB	<p>Date - 01.08.2023 (Renewal of Water & Air) Valid for the period upto 24.01.2028</p> <table border="1"> <thead> <tr> <th>Name of Product</th> <th>Production Capacity</th> </tr> </thead> <tbody> <tr> <td>Soil (Red Bricks)</td> <td>2,516.36 cum/annum</td> </tr> </tbody> </table>	Name of Product	Production Capacity	Soil (Red Bricks)	2,516.36 cum/annum
Name of Product	Production Capacity				
Soil (Red Bricks)	2,516.36 cum/annum				
Drone video of Mine lease ar ea	<p>Project proponent has submitted a Drone Video of the applie d area.</p>				
Affidavit	<p>Regarding expenditure under the CEMP. No excavation 1.0 meter safety zone will be done. Employment to local villagers Intensive tree plantation inside and outside the mining lease a rea and will ensure 90% survival rate. Demarcation of boundary pillars under the Minerals Concessi on Rule. Regarding regular sprinkling of water to control dust emissio n. No violation of the notification of Government of India, Minist ry of Environment, Forest and Climate Change, S.O. 804 (A) d ated 14/03/2017. To comply the Hon'ble Supreme Court Judgment dated 02 Au gust 2017 in Writ Petition (Civil) No 114 of 2014 in the matt er of Common Cause Vs Union of India. No discharge of any polluted water into ponds, canals, rivers, drains and other water bodies and will work for their conserv ation and development. No excavation work will be done outside. The kiln shall be converted to Zig-Zag system in the next 2 ye ars. Raw materials are transported covered After completion of the works proposed under C.E.R. by us, t he completion report will be obtained from the concerned de partment.</p>				
Category	<p>Applied lease is executed on 03/07/2004 which is on or befor e 09/09/2013. As per MoEF notification dated S.O. 2269 (E) dated 01/07/2016 and letter no. 1186 dated 29/10/2024 iss ued by SEIAA, applied case is not falling under cluster situatio n and the applied lease area is 1.56 hectare which is less than 5 hectare and therefore applied lease is classified under categ ory B2 project.</p>				
SIA/CG/MIN/464008/2024 Total Project Cost	<p>Rs. 68.50 Lakhs.</p>				

CER Details :

Capital Investment (in Lakh Rupees)	Percentage of Capital Investment to be Spent	Amount Required for CER Activities (in Lakh Rupees)	Amount Proposed & Details for CER Activities (in Lakh Rupees)	
			Particulars	CER Fund Allocation (in Lakh Rupees)
68.50	2%	1.37	Following activities at Government Primary School at Village - Akola	
			Rain Water Harvesting System 5 nos. with maintenance cost	0.95
			Plantation work (30 plants) with maintenance cost	0.83
			Total	1.78

Consent letter dated 19/02/2025 regarding proposed CER works from the Head Master of concerned school has been submitted.
