File No.: 472452/65-MINB2/05-2024  
Government of India  
Ministry of Environment, Forest and Climate Change  
(Issued by the State Environment Impact Assessment Authority (SEIAA),  
ODISHA)

\*\*\*

Dated 08/11/2024

To,

SRI ANTARYAMI SAHU  
Mining Officer Cum Competent Authority, O/o the Deputy Director of Mines, Keonjhar Circle ,  
Keonjhar- 758001, Odisha  
mo.keonjhar1@gmail.com

**Subject:** Grant of prior Environmental Clearance (EC) to the proposed Mining Project under the provisions of EIA Notification 2006-regarding

**Sir/Madam,**

This is in reference to your application submitted to SEIAA vide proposal number SIA/OR/MIN/472452/2024 dated 10/05/2024 for grant of prior Environmental Clearance (EC) to the project under the provision of the EIA Notification 2006-and as amended thereof.

2. The particulars of the proposal are as below :

(i) EC Identification No.	EC24C0108OR5517004N
(ii) File No.	472452/65-MINB2/05-2024
(iii) Clearance Type	Mining EC Under 5 Ha
(iv) Category	B2
(v) Project/Activity Included Schedule No.	1(a) Mining of minerals Salabeda Stone Quarry over an area of 10.32 acres or 4.176 hectares in village Salabeda under Harichandanpur Tahasil of Keonjhar District of Odisha.
(vii) Name of Project	
(ix) Location of Project (District, State)	KENDUJHAR, ODISHA
(x) Issuing Authority	SEIAA
(xii) Applicability of General Conditions	No

3. In view of the particulars given in the Para-1 above, the project proposal inter alia including Form-2 & EMP Reports were submitted to the SEAC for an appraisal by the State Level Expert Appraisal Committee (SEAC) under the provision of EIA notification 2006 and its subsequent amendments.

4. The above-mentioned proposal has been considered by SEAC in the meeting held on 29<sup>th</sup>, 30<sup>th</sup>, & 31<sup>st</sup> August,

2024. The minutes of the meeting and all the project documents are available on PARIVESH portal which can be accessed from the PARIVESH portal by scanning the QR Code above. Brief description of the project is as under:

5. The details of minerals to be mined out along with production capacity and the brief on the salient features of the project as submitted by the project proponent in Form-2 in the reports and as presented before SEAC are annexed in **Annexure- 2**.
6. The SEAC, in its meeting held on 29<sup>th</sup>, 30<sup>th</sup>, & 31<sup>st</sup> August, 2024, based on information submitted viz: Form-2 & clarifications provided by the project proponent and after detailed deliberations on all technical aspects and compliance thereto furnished by the Project Proponent, the SEAC recommended to grant EC valid from the date of EC accorded up to the lease period under the provisions of EIA Notification 2006 and as amended thereof subject to stipulation of Specific and Standard EC conditions as detailed in the point below.
7. The SEIAA, Odisha has examined the proposal in 175<sup>th</sup> meeting held on 23.10.2024 & 24.10.2024 in accordance with the extant provisions of the Environment Impact Assessment (EIA) Notification, 2006 & further amendments thereto and based on the recommendations of the SEAC and hereby accords Environment Clearance for the instant proposal for mining of stone from Salabeda Stone Quarry over an area of 10.32 acres or 4.176 ha. in village Salabeda under Harichandanpur, Tahasil of Keonjhar District of Odisha to Sri Antaryami Sahu under the provisions of EIA Notification, 2006 and as amended thereof subject to compliance of the Specific and Standard EC conditions as given in **Annexure-1**.

#### **Stipulation**

Sl. Descriptions	Stipulation
(i) Lease Area:	10.32 Acres or 4.176 Ha
(ii) No Mining Zone:	7.5meter safety zone from all along the lease boundary.
(iii)Maximum Depth of Mining:	ofMaximum 6.00 Mtr. from the ground level/surface level of this area as stipulated in rule 37(1)(a) of the OMMC Rule, 2016.
(iv)Method of Mining	Semi-mechanized with drilling and blasting
(v) Permitted Quantity:	1 <sup>st</sup> year- 8505 cum/annum 2 <sup>nd</sup> year- 8505 cum/annum 3 <sup>rd</sup> year- 8505 cum/annum 4 <sup>th</sup> year- 8505 cum/annum 5 <sup>th</sup> year- 8505 cum/annum Total production in the 5 years lease period will be 42,525 cum.
(vi) Validity Period of EC:	This EC is valid for 5 years or validity of lease period whichever is earlier.

8. The SEIAA, Odisha reserves the right to stipulate additional conditions, if found necessary.
9. The Environmental Clearance to the aforementioned project is under provisions of EIA Notification, 2006. It does not tantamount to approvals/consent/permissions etc. required to be obtained under any other Act/Rule/regulation. The Project Proponent is under obligation to obtain approvals /clearances under any other Acts/ Regulations or Statutes, as applicable, to the project.
10. The PP is under obligation to implement commitments made in the Environment Management Plan, which forms part of this EC.
11. Validity of EC is upto the lease period or 5 years whichever is earlier from which the prior environmental clearance is granted by the regulatory authority.

#### **12. General Instructions:**

1. The project proponent shall prominently advertise it at least in two local newspapers of the District or State, of which one shall be in the vernacular language within seven days indicating that the project has been accorded environment clearance and the details of SEIAA website where it is displayed.
2. The copies of the environmental clearance shall be submitted by the project proponents to the Heads of local bodies, Panchayats and Municipal Bodies in addition to the relevant offices of the Government who in turn must display the same for 30 days from the date of receipt.

3. The project proponent shall have a well laid down environmental policy duly approved by the Board of Directors (in case of Company) or competent authority, duly prescribing standard operating procedures to have proper checks and balances and to bring into focus any infringements/deviation/violation of the environmental / forest / wildlife norms / conditions.
  4. Action plan for implementing EMP and environmental conditions along with responsibility matrix of the project proponent (during construction phase) and authorized entity mandated with compliance of conditions (during operational phase) shall be prepared. The year wise funds earmarked for environmental protection measures shall be kept in separate account and not to be diverted for any other purpose. Six monthly progress of implementation of action plan shall be reported to the Ministry/Regional Office along with the Six-Monthly Compliance Report.
  5. Concealing factual data or submission of false/fabricated data may result in revocation of this environmental clearance and attract action under the provisions of Environment (Protection) Act, 1986.
  6. The Regional Office of the MoEF & CC, Govt. of India shall monitor compliance of the stipulated conditions. The project authorities should extend full cooperation to the officer (s) of the Regional Office by furnishing the requisite data / information/monitoring reports.
  7. Any appeal against this EC shall lie with the National Green Tribunal, if preferred, within a period of 30 days as prescribed under Section 16 of the National Green Tribunal Act, 2010.
13. This issue with an approval of the Competent Authority.

**Annexure 1**

**Specific EC Conditions for (Mining Of Minerals)**

**1. Environmental Conditions And Safeguards Which Need To Be Complied On Field After The Lease Agreement:**

S. No	EC Conditions
1.1	The proposed mining will be carried out after maintaining a 300 meter safety zone from the nearest

S. No	EC Conditions
	habitation.
1.2	Rock breakers will be used to break the weathered and fractured rocks available within the mining lease area during the plan period.
1.3	No blasting will be carried out in case of weathered or fractured deposits. However controlled blasting will be carried out in situ deposit with all safety measures as per the DGMS guidelines.
1.4	The Project Proponent (PP) shall revise the DSR as per minerals deposit along with final coordinates to be ensured by the concerned lease granting Authority.
1.5	The boundary area of the deposit as per the revised /updated DSR to be defined by geo-coordinates based on DGPS survey superimposed on the cadastral map
1.6	Mitigation measures for flying Rock for safety of human beings and animals during blasting to be ensured by the project proponent.
1.7	The project proponent needs to maintain periodic health check-up records of their employees and ensure use of face masks by workers in crushing and handling sections of the stone quarry for ensuring that working personnel are not affected by silicosis.
1.8	Construction of garland drains retaining walls and settling tanks should be ensured to prevent erosion during rainfall and to collect silt generated during the mining activity.
1.9	Haulage road shall be developed and maintained perennially and perpetually by the proponent in consultation with the concerned authority of the Govt.
1.10	Topsoil excavated during mining to be stacked separately in the ML area and to be used for plantation in and around the ML area.
1.11	The project proponent shall undertake re-grassing of the area or any other area which may have been disturbed due to their mining activities and restore the land to a condition which is fit for fodder, flora, fauna etc. in compliance to the direction dated 8 <sup>th</sup> January, 2020 of Hon'ble Supreme Court in Writ Petition(s) Civil No. 114/2014, Common Cause Vs Union of India & Ors. after ceasing mining operation that is at the time of mine closure
1.12	The project proponent shall take geo-coordinating photographs of the lease area before mining and also subsequent period of mining and submit to SEIAA, Odisha in six (06) months EC compliance.
1.13	<b>Maximum permissible depth of mining:</b> - Maximum depth of mining from the top surface/ground level of this area, at any point, up to which quarrying may be permitted shall be <b>6 meters from the surface</b> as stipulated in rule 37(1) (a) of the OMMC Rule, 2016. Quarry excavation shall not proceed below a level on the hill slope, and shall not touch the base of the hill in any case. The exploitation of stone material from the hill shall be carried out in a systematic manner, spreading the quarrying activity to cover all the economic veins of minerals and proceeding uniformly to more and more depths from all sides simultaneously.
1.14	<b>Maximum permissible quantity:</b> Maximum yearly quantity of extraction from the quarry shall not exceed its annual limit as specified above under stipulation in Table 'A stipulations'-sl. A(v) and the total production shall be <b>42525 cum</b> during the valid lease period of five (05) years as per the

S. No	EC Conditions
	approved mining plan. Any flouting of this quantitative restriction shall make this EC liable to cancellation.
1.15	<b>No change in the mining plan without prior approval of SEIAA:</b> - Any change in the calendar plan, change in production quantity or method of mining shall not be made without prior approval of the SEIAA. Mining activity shall adhere to the working parameters of the approved mining plan prepared for this project. The detailed production of laterite stone from the lease area of each year shall be submitted in tabular form during submission of compliance report.
1.16	<b>Environmental Management Plan:</b> (i) EMP shall be implemented by PP to ensure compliance with the environmental conditions specified above. The year wise funds earmarked for environmental protection measures shall be kept in a separate account and shall be spent according to the plan proposed in coordination with Tahasildar/Mining Officer. Year wise progress of implementation of EMP shall be reported to the SEIAA, Odisha and OSPCB along with the compliance report. The Tahasildar/Mining Officer shall ensure the compliance of this condition along with all the lease holders of his jurisdiction.
1.17	The PP will implement the EMP with a budgetary allocation of <b>Rs. 1.40 Lakh/annum as recurring cost towards environmental management and peripheral development</b> for the lease area as proposed during the valid lease period of 5 years. The detailed expenditure on EMP shall be submitted with six monthly compliance reports.
1.18	<b>No Mining Zone:</b> The lessee shall ensure that no quarrying or mining is carried out in the areas as specified below: - a) 7.5-meter safety zone shall be kept from all sides of the lease boundary as per the approved mining plan. b) within <b>100m</b> (minimum distance criteria <b>when blasting is not involved</b> ) and <b>within 200m</b> (minimum distance criteria <b>when blasting is involved</b> ) from residential/ public buildings, inhabited sites, protected monuments, Heritage sites, National/State Highway, District roads, public roads, Railway line/area, Ropeway or Ropeway trestle or station, Bridges, Dam, Reservoirs, river, Canals, lakes or Tanks, or any other locations etc. c) below ground water table under any circumstances. If ground water table occurs /intervenes within the permitted mining depth, then the quarrying shall be stopped immediately; d) in the vicinity of natural /manmade archeological sites;
1.19	<b>Transport Safeguards:</b> a) No transportation of the minerals shall be allowed on any road passing through villages/habitations without prior explicit permission. b) Transportation of minerals through existing rural roads can be allowed only by the concerned Govt. Department/ Gram Panchayat/BDO after required strengthening such that the carrying capacity of the road is increased to handle the mineral carrying truck traffic. The project proponent shall bear the cost towards the widening and strengthening of existing public roads in case the same is proposed to be used for the project. c) Project proponent shall ensure that the transport of minerals will be as per IRC Guidelines with respect to complying with traffic congestion and traffic density. d) Vehicles hired for transportation of minor minerals from the site should be in good condition and should have pollution check certificates and should conform to applicable air and noise emission standards and should be operated only during non-peak hours. Speed of vehicle be regulated and in no case >30 Kms / hr be allowed. e) The vehicles shall not be overloaded and shall be covered with Tarpaulin. The Tahasildar/Mining Officer may collect an appropriate additional road maintenance levy from the lessee as part of the

S. No	EC Conditions
	<p>lease conditions on the basis of quantum of mineral transported, and utilize the proceeds of the levy for proper maintenance of the extraction paths and roads to prevent their degradation on account of plying of mineral carrying trucks.</p> <p>f) Water spraying should be made on the village road to control particulate matter (dust particles) pollution in surrounding air during transportation from the quarry. Garland drain shall be constructed on the hill slope to arrest downward flow of particulate matter with rainwater.</p>
1.20	<p><b>Other Environmental Conditions: -</b></p> <p>a) The lessee shall ensure safety of human life and livestock from accidents in case the village / any habitation is very near the mining lease area.</p> <p>b) Topsoil, if any, shall be stacked properly with proper slope with adequate measures and should be used for plantation purposes.</p> <p>c) Dumping of quarry material is in no case permissible on any forest land; and all dump yards shall be on duly permitted non forest land.</p> <p>d) Waste oils, used oils generated from the EM machines, mining operations, if any, shall be disposed as per the Hazardous Wastes (Management, Handling, and trans-boundary movement) Rules, 2008 and its amendments thereof to the recyclers authorized by SPCB, Odisha.</p> <p>e) At the end of mine closure, the proponent shall immediately remove all the sheds put up in the quarry and all the equipment in the area before closure of the quarry.</p> <p>f) Permanent barricading/barbed wire fencing of the mining lease area site shall be done after completion of mining activities to prevent any danger for stray animals and human habitations from accidents.</p> <p>g) The Project Proponent shall undertake phased restoration, reclamation and rehabilitation of land affected by mining and complete this work before abandonment of mine. Filling of the ditch by fly ash is to be ensured by the lessee, as also fencing the area, guard wall for safety of cattle &amp; traffic.</p>
1.21	<p><b>Common Forum for EMP:-</b> All the individual quarry lessee holders coming under the Tahasil may create a common forum in coordination with the Tahasildar/Mining Officer and contribute funds to it for grading, compaction and maintenance of haulage road, provision of water spray on the village road to control particulate matter (dust particles) pollution in surrounding air during transportation from the quarry, and provision of thick, multilayer and a continuous green belt around the lease area excluding the entry and exit gate for prevention of environmental pollution and noise during mining activity.</p>
1.22	<p><b>Reclamation &amp; Restoration:-</b>Pursuant to MoEF &amp; CC, O.M No 22-34/2018-1A.111dated 16.01.2020 and in compliance to the directions dated 8<sup>th</sup> January 2020 of Hon'ble Supreme Court in W.P. (Civil) No.114/2014 in the matter of Common Cause vs Union of India, the mining lease holder shall, after ceasing mining operations, undertake re-grassing the mining area and any other area which may have been disturbed due to other mining activities and restore the land to a condition which is fit for growth of fodder, flora, fauna etc. The Project Proponent shall submit a detailed plan of action in this regard to Tahasildar/Mining Officer within six months, indicating definite timelines and physical outcomes for the reclamation &amp; restoration of the mined-out area. The Tahasildar/ Mining Officer shall submit a compliance report to SEIAA, Odisha at the end of lease period.</p>
1.23	<p><b>Half-yearly Compliance Report: -</b> It shall be mandatory for the project management to submit half yearly compliance reports on the status of implementation of the above stipulated environmental and <b>upload</b> the compliance report including results of monitored data, as applicable in the website of the Ministry for monitoring of EC Conditions, failing which EC is liable to be revoked.</p>
1.24	<p><b>Statutory compliance on Grant of CTE &amp; CTO from SPCB:-</b> Project Proponent (PP) shall</p>

S. No	EC Conditions
	obtain Consent to Operate after grant of EC and effectively implement all the conditions stipulated therein. The mining activity shall not commence prior to obtaining Consent to Establish / Consent to Operate from the concerned State Pollution Control Board. The SPCB, Odisha shall ensure that there is no change in the extraction quantity as given in the EC stipulations in respect of year wise permitted quantity before giving 'consent to operate' to this project.
1.25	<b>Concomitant Monitoring:</b> - The conditions stipulated in the environmental clearance will be closely monitored on the ground by the lease granting authority, i.e. the Tahasildar/ Mining Officer, who shall ensure compliance of the stipulated conditions and take corrective measures promptly in case of any non- compliance and also ensure that the project proponent submits quarterly compliance reports.
1.26	<b>Independent Monitoring:</b> -The concerned Regional Office of the MoEF & CC/ SPCB, Odisha shall periodically monitor compliance of the stipulated conditions as applicable for this project. The project authorities should extend full cooperation to the MoEF & CC officer(s)/SPCB officer(s) by furnishing the requisite data / information / monitoring reports.
1.27	<b>Revocation of EC:</b> -The SEIAA, Odisha may revoke or suspend the EC, if implementation of any of the above conditions is not satisfactory. The SEIAA, Odisha reserves the right to alter /modify the above conditions or stipulate any further condition in the interest of environment protection.
1.28	<b>Change in Ownership of Lease:</b> - This EC shall not be transferred without the permission of SEIAA, Odisha. The Tahasildar/ Mining Officer shall inform the SEIAA of any change in ownership of the mining lease. No mining is allowed without transfer of EC as per provisions of the para 11 of EIA Notification, 2006, as amended from time to time.

**2. Environmental Conditions And Safeguards Which Need To Be Complied With By The Tahasildar/mining Officer Before Executing Lease Agreement:**

S. No	EC Conditions
2.1	<b>Boundary Demarcation:</b> - The boundary of the lease area shall be demarcated on ground at the project cost, by erecting 1.20 meter (4 feet approx.) high reinforced concrete pillars above ground, each inscribed with its serial number, distance from pillar to pillar and GPS co-ordinates by any empanelled agency of ORSAC.
2.2	<b>Digital Map:</b> -A digital map (in KML format as well as PDF version) showing GPS coordinates of all boundary pillars duly countersigned by the Tahasildar/Mining officer shall be submitted to SEIAA, Odisha through email at seiaaodisha@gmail.com.
2.3	<b>Intimation of EC:</b> -The copies of the EC shall be sent to the Sarpanch (s) of the concerned Gram Panchayat (s), Urban Local Bodies and relevant other Offices of the Government with a request to display the same for 30 days from the date of receipt. The Project Authorities should widely advertise about the grant of this EC letter by printing the same in at least two local newspapers, one of which shall be in vernacular language of the concerned area. The advertisement shall be done within 7 days of the issue of the clearance letter mentioning that the instant project has been accorded EC and copy of the EC letter is available with the State Pollution Control Board and web site of the Ministry of Environment, Forest and Climate Change ( <a href="http://www.parivesh.nic.in">www.parivesh.nic.in</a> ). A copy of the advertisement may be forwarded to the concerned MoEF&CC Regional Office for compliance and record.

S. No	EC Conditions
2.4	<p><b>Tree Plantation:</b> - Tree Planting shall be carried out with minimum @100 trees per Ha. of lease area as per the approved cost norm for plantations of the State Forest Department. The Project Proponent (lease holder)/successful bidder shall deposit <b>Rs.2,25,000/-</b> with the respective District Environment Society for raising <b>450 plants</b> of native species within 2 years in a suitable location adjoining the quarry or any suitable places.</p>
2.5	<p><b>State EMF Fund:</b> - An amount equal to five percent (5%) of the royalty payable shall be collected from the lessee by the Tahasildar/Mining Officer and deposited to the State Environment Management Fund, which will be utilized as per provisions of Rule 49(3) of the OMMC Rule, 2016 preferably, in and around the areas where mining activities are undertaken</p>
2.6	<p><b>Condition by Collector:</b> - Any other condition(s) the Collector &amp; Chairman, District Environment Impact Assessment Authority (DEIAA), may impose in the interest of protection and safeguarding the local environment</p>
2.7	<p><b>Compliance report for Transfer of EC:</b> - Any transfer of EC to a PP/Lessee shall be considered by SEIAA, Odisha only after receipt of the full compliance report through Tahasildar/Mining Officer concerned of the above environmental conditions and safeguards</p>
2.8	<p><b>Other conditions/NOC:-</b> Consent / NoC shall be obtained from the concerned authority if village road is to be used for transportation. The said road shall also be maintained by the lessee</p>

**1. Proposal in brief:**

The highlights of the proposal as ascertained from the application and as revealed from proceedings/discussion held during the meeting of SEAC/SEIAA, are given as under.

- (i) This is a proposal for mining of Stone from Salabeda Stone Quarry over an area of 10.32 acres or 4.176 hectares in village Salabeda under Harichandanpur, Tahasil of Keonjhar District of Odisha.
- (ii) The mining area is a part of Survey of India Toposheet No. F45N11, bounded by Latitude: 21°27'49.3" N to 21°27'57.5" N and Longitude: 85°41'21.10" E to 85°41'30.00" E bearing Khata no.145, Plot no. 263/1, Kissam-Parbat-III
- (iii) The mining lease is an identified sairat source in the DSR. The Salabeda Stone Quarry to the successful bidder (lessee) on the basis of public auction for a lease period of 5 years.
- (iv) Documents submitted: -Form-1, PFR, DLC, EMP, checklist, Mining Plan and approval letter, DSR, Village sheet, Cluster certificate from Mining Officer, Keonjhar, topo map etc.
- (v) Distance from nearest sanctuary/ESZ- Similipal WLS-53.65km
- (vi) Whether the lease area coming in DLC report-No as submitted certificate by Mining Officer, Keonjhar vide letter no. Nil dated 08.05.2024.
- (i) Whether submitted scrutiny-Yes, of Rs. 1000/- vide e-Challan Ref. No. 3805F87C5E dated 18.06.2024
- (vii) Whether submitted KML file-Yes
- (viii) Whether the lease area reflecting in DSR-Yes
- (ix) Method of mining-Semi-mechanized both drill and blasting will be occurred.
- (x) Distance from nearest road bridge-12.35 km, village -0.35km
- (xi) Whether it is part of cluster – No
- (xii) Whether EC obtained earlier-Yes, from DEIAA, Keonjhar vide letter no. 3123 dated 24.04.2017
- (xiii) Date of approval of Progressive mine Closure plan- Joint Director Geology, Keonjhar vide letter no. 492 dt. 06.05.2024.
- (xiv) Production capacity per annum-8505 cum/annum (max.), total production in 5 years period-42525 cum, Geological reserve-389232 cum and Mineable reserve-311083 cum.
- (xv) Budget provision for EMP- Rs. 1.4 Lakh/annum
- (xvi) Whether the DSR has been prepared as per the MoEF& CC, Govt. of India Notification S.O. 3611(E) dated 25.07.2018, Sustainable sand mining guidelines-2016 and Enforcement & Monitoring Guideline for sand mining-2020 and as per the Hon'ble Supreme Court order vide its order dated 10.11.2021 in Civil Appeal Nos. 3661-3662 of 2020 (State of Bihar Vrs. Pawan Kumar and Others)- No
- (xvii) Any deficiencies/omission have been noticed in the above documents- Nil

**2. Whether SEAC recommended the proposal – Yes, the proposal was placed in SEAC meeting held on 29<sup>th</sup>, 30<sup>th</sup>, & 31<sup>st</sup> August, 2024 and the SEAC recommended to grant EC valid from the date of EC accorded up to the lease period with following additional conditions.**

- i) **The proposed mining will be carried out after maintaining 300 meter safety zone from the nearest habitation.**
- ii) **Rock breakers will be used to break the weathered and fractured rocks available within the mining lease area during the plan period.**
- iii) **No blasting will be carried out in case of weathered or fractured deposit. However controlled blasting will be carried out in situ deposit with all safety measures as per the DGMS guidelines.**

- iv) Consent / NoC shall be obtained from the concerned authority if village road is to be used for transportation. The said road shall also be maintained by the lessee.
- v) In view of likely revision of DSR the mention of this deposit with final coordinates is to be ensured
- vi) Plantation programme to be completed within first two years and to be maintained in remaining years.
- vii) Mitigation measures for flying Rock for safety be put in place.
- viii) Stone quarry project proponent need to maintain periodic health check-up records of their employees and ensure use of face mask by workers in crushing and handling sections of the stone quarry for ensuring that working personnel are not affected by silicosis.
- ix) The boundary area of the deposit as per the revised / updated DSR to be defined by geo coordinates based on DGPS survey superimposed on the cadastral map.
- x) Construction of garland drains retaining wall and settling tank should be ensured to prevent erosion during rainfall and to collect silt generated during the mining activity.
- xi) All the dumps shall be covered by retaining wall, garland drains and settling ponds.
- xii) Maximum depth of quarry shall not exceed 6 meters from ground level as per guidelines.
- xiii) No explosives shall be stored without approval of competent authority and all the precautions for blasting shall be put in place.
- xiv) Worked out pit shall be fenced.
- xv) No tree growth in the lease area if present shall be damaged.
