Subject: Grant of Terms of Reference under the provision of the EIA Notification 2006-regarding.

Sir/Madam,

This is in reference to your application for Grant of Terms of Reference under the provision of the EIA Notification 2006-regarding in respect of project Karugorumilli-1 Open Sand Reach submitted to Ministry vide proposal number SIA/AP/MIN/468531/2024 dated 11/11/2024.

2. The particulars of the proposal are as below :

(i) TOR Identification No.	TO24B0107AP5537019N
(ii) File No.	AP MIN TOR WG 04 2024 297
(iii) Clearance Type	TOR
(iv) Category	B1
(v) Project/Activity Included Schedule No.	1(a) Mining of minerals
(vii) Name of Project	Karugorumilli-1 Open Sand Reach
(viii) Name of Company/Organization	JAYA GORASA
(ix) Location of Project (District, State)	WEST GODAVARI, ANDHRA PRADESH
(x) Issuing Authority	SEIAA
(xii) Applicability of General Conditions	no
(xiii) Applicability of Specific Conditions	no

Lr No. SEIAA/AP/MIN/TOR/WG/04/2024/297

To

**District Mines & Geology Officer,
O/o District Mines & Geology Office,
West Godavari District, Bhimavaram,
Andhra Pradesh - 534201.**

Sir,

Sub SEIAA, A.P.– 7.00 Ha Ordinary Sand mine of KARUGORUMILLI-1 OPEN : SAND REACH (VASISHTA GODAVARI RIVER) Sy.No. 229 & 230 in Karugorumilli Village, Achanta Mandal, West Godavari District, Andhra Pradesh – Standard TOR - issued –Reg.

Ref: 1. Your application dt.11.11.2024 received through online vide Proposal No. **SIA/AP/MIN/468531/2024.**
2. Recommendation of SEAC on 14.11.2024.
3. Minutes of the 245th SEIAA meeting held on 28.11.2024.

With reference to the above, it is to inform that your application was examined by the State Expert Appraisal Committee (SEAC), A.P in its **245th meeting** held on 14.11.2024 and committee noted that:

1. The project proposal is for mining Ordinary Sand in an area of 7.0Ha with a proposed production quantity of Ordinary Sand Mine 70,000 m³/annum with a condition that the total production during a scheme should be limited to the approved quantity as per approved Mining plan.
2. The proposed project falls under Item No. 1(a) of the schedule of the EIA Notification 2006 and its amendments thereof Mining of minerals (≤ 250 ha of mining lease area in respect of non-coal mine lease).
3. The Additional Director & District Mines and Geology Officer and their consultant M/S. Sv Enviro Labs & Consultants have attended the meeting and presented their proposal. The SEAC Committee noted that:
 - a. The Department of Mines and Geology submitted DSR of **West Godavari** .The District Collector and Chairman, DLSC has identified the subject mine through Joint inspection Committee of the District, as per the DLSC dt.20.03.2024 the **KARUGORUMILLI-1** Sand Reach identified for excavation sand over an

extent of 7.0 Ha. The Joint inspection was conducted on 10.01.2024 to the subject sand reach and report recommended for over an extent of 7.0 Ha and permitted to excavation of sand is 1.0 Mts thickness. Assessed the permitted sand quantity of 70,000 Cum.

- b. The District Mines and Geology Officer, Eluru vide order dt. 28.03.2024 issued Memo for obtaining statutory clearance to the subject mine.
 - c. As per the cluster letter dated: 10.04.2024 issued by the Mines Department, the total applicable cluster area is > 5.0 Ha. Hence, the subject mine falls in B2 at par with B1 category.
 - d. As per the approved mining plan dt. 10.04.2024 the total available mineral reserves are 70,000 m³ (As per WALTA Act only 1m sand excavation is permitted) after mined quantity of extracted pit in the mine and the entire quantity is proposed to be excavated within the period of 1 year.
 - e. The present application is made for semi mechanized mining. Hence, it is considered under B1 category for issue of TOR as per NGT order dated 23.03.2023 in O.A. No. 152 of 2021 (SZ).
 - f. Hon'ble NGT in its order dated 23.03.2023 in O.A. No. 152 of 2021 (SZ) directed SEIAA, Andhra Pradesh to verify all the Environmental Clearances granted for sand mining under 'B2' Category if permission has been granted for semi-mechanized or mechanized mining and re-examine the proposal either under 'B2' category (manual mining) or 'B1' Category (if semi mechanized or mechanized mining is sought) following the prescribed procedures.
 - g. The SEAC is made recommendation without any prejudice to the Hon'ble NGT/any other court orders. The applicant shall abide by the Hon'ble NGT / Other court orders, if any, in future also.
 - h. The committee noted that proposed Project part (0.6 Ha) is falling in CRZ area. Hence, committee directed the project proponent to submit modified mining plan by leaving 0.6 Ha as non-mining zone.
4. The Committee after examining the project proposals, presentations, MoEF&CC Notifications & OMs and detailed deliberations, **recommended to issue Standard TOR with Public hearing for the mining of Ordinary Sand with the maximum production quantity of 70,000 m³/annum for one-year period with open cast semi mechanized method of mining with the following additional conditions:**
- i. The project proponent shall submit modified mining plan duly leaving 0.60 Ha as a non-mining zone in CRZ area.
 - ii. The proponent shall include the annual replenishment of sand in the mining lease area in the approved mining plan.
 - iii. The project proponent shall submit cluster EIA & EMP.
 - iv. The project proponent shall submit mine closure plan details along with proposed budget.
 - v. Sand shall not be allowed to be extracted where erosion may occur, such as identification of concave bank and maintain buffer.
 - vi. Demarcation of sand quarrying lease area on the ground with pucca stone or concrete pillars to show the present natural bed level and the depth of mining

allowed.

- vii.Measures to avoid pollution of river water leading to water quality deterioration.
 - viii.Identification of proper entry and exit point for the movement of loading vehicles in and out of the sand quarry site taking into consideration of the habitations/settlements in the area.
 - ix.The project proponent shall submit details of Environmental clearance if any granted in the proposed reach along with production details.
 - x. All documents related to the mining project, including the approved mine plan, Environmental Impact Assessment (EIA), and records of public hearings, should be compatible with each other.
 - xi.The project proponent shall upload the recent photographs of the sand reach, along with their corresponding geo-coordinates, at the time of applying for Environmental Clearance (EC).
5. The issue was placed before the SEIAA, A.P., in its 245th SEIAA meeting held on 28.11.2024 and **SEIAA agreed with the recommendations of SEAC to issue Standard TOR with Public hearing for the mining of Ordinary Sand with the maximum production quantity of 70,000 m³/annum for one-year period with open cast semi mechanized method of mining with above mentioned additional conditions.**

In view of the above, you are requested to prepare EIA report accordingly based on the Standard Standard TOR with Public hearing with the above additional TORs and submit to the SEAC, A.P., for appraisal. The Terms of the reference are valid for a period of Four years.
