4. The instant proposal was considered during the 1st Meeting held during 3rd,4th and 7th April. The minutes of the meeting and all the project documents are available on PARIVESH portal which can be accessed at <https://parivesh.nic.in>.

5. The EAC, in its 1st Meeting held during 3rd,4th and 7th April 2025, inter-alia, deliberated the following:

i. The instant proposal is for transfer of Environmental Clearance granted by MoEF&CC vide F. No. J-11011/50/2005-IA-

II (I), dated 30.09.2005 from Maa Mahamaya Industries Pvt. Ltd. to Maa Mahamaya Industries Ltd.

ii. The EAC deliberated on the proposal for the transfer of Environmental Clearance (EC) from M/s. Maa Mahamaya Industries Pvt. Ltd. to M/s. Maa Mahamaya Industries Ltd. The Committee took note of the project's chronology, wherein the company was converted from a Private Limited to a Public Limited entity on 3rd April 2007, with no change in management. It was observed that while the Andhra Pradesh Pollution Control Board (APPCB) had granted successive CTO renewals in the name of M/s. Maa Mahamaya Industries Ltd., the formal application for EC transfer was only submitted on 29th May 2024, leading to a significant delay of over 16 years.

iii. The EAC noted that as per the provisions of the Office Memorandum (OM) dated 3rd November 2023, a request for EC transfer should have been made within one year of the name change. Since the transfer took place in 2007, the project proponent (PP) neither applied within the stipulated timeframe nor fell within the eligible period for condonation of delay. Consequently, this lapse was considered a non-compliance issue. However, it was also noted that the latest CTO amendment, issued in the name of the transferee, remains valid until 31st July 2027, and all statutory permissions, including those for expansion, were obtained in the new name.

iv. Further, the Committee reviewed the compliance status of the project. The Mini Integrated Steel Plant was monitored by the MoEF&CC Sub-Office, Vijayawada, on 14th February 2024, and non-compliances were identified, including violations of the OM dated 3rd November 2023. The Ministry had sought an Action Taken Report (ATR) from the PP on 15th July 2024. Subsequently, the PP submitted the ATR on 14th August 2024, which was reviewed by the Sub-Regional Office (SRO), Vijayawada. The review report, submitted on 6th September 2024, indicated that all conditions were either complied with or under compliance, with no major non-compliance or partial compliance reported.

v. In light of these findings, and considering the guidance provided under the OM dated 19th February 2025, the EAC evaluated whether the delay in applying for the EC transfer could be condoned. Given that satisfactory compliance has been established and all regulatory approvals are in place, the Committee recommended the transfer of EC from M/s. Maa Mahamaya Industries Pvt. Ltd. to M/s. Maa Mahamaya Industries Ltd. with condonation of delay, subject to the approval of the Hon'ble Minister for Environment, Forest and Climate Change at the central level.
