File No: 496258/114-MINB2/09-2024

Government of India

Ministry of Environment, Forest and Climate Change

(Issued by the State Environment Impact Assessment Authority(SEIAA),
ODISHA)

Dated 13/01/2025

To,

SRI RAJESWAR THAKUR

Sri Rajeswar Thakur, Managing Director, Thakur Builtech Pvt. Ltd., At- Near Balaji Temple, Po/Ps-
Bhawanipatna, Dist- Kalahandi, ODISHA, 766001
rajeswarthakur307@gmail.com

Subject: Grant of EC under the provision of the EIA Notification 2006-regarding.

Sir/Madam,

This is in reference to your online application submitted to SEIAA, Odisha vide proposal number SIA/OR/MIN/496258/2024 dated 12/09/2024 for Grant of environmental clearance (EC) of Ghusurigudi-II Stone Quarry over an area of 10.00 Acres or 4.046 Hectares in village Ghusurigudi under Kalahandi Tahasil of Kalahandi District, Odisha to Sri Rajeswar Thakur, the successful bidder under the provision of the EIA Notification 2006-regarding

2. The particulars of the proposal are as below :

(i) EC Identification No.	EC24C0108OR5122390N
(ii) File No.	496258/114-MINB2/09-2024
(iii) Clearance Type	EC
(iv) Category	B2
(v) Project/Activity Included Schedule No.	1(a) Mining of minerals
(vii) Name of Project	Proposal for grant of fresh Environmental Clearance of Ghusurigudi-II Stone Quarry over an area of 10.00 Acres or 4.046 Hectares in village Ghusurigudi under Kalahandi Tahasil of Kalahandi District.
(viii) Name of Company/Organization	SRI RAJESWAR THAKUR
(ix) Location of Project (District, State)	KALAHANDI, ODISHA
(x) Issuing Authority	SEIAA, Odisha
(xii) Applicability of General Conditions	no
(xiii) Applicability of Specific Conditions	no

3. In view of the particulars given in the Para-1 above, the project proposal interalia including Form-2 were submitted to the SEAC for an appraisal by the State Level Expert Appraisal Committee (SEAC) under the provision of EIA notification 2006 and its subsequent amendments thereto.
4. The above-mentioned proposal has been considered by SEAC in its meeting held on 05.10.2024. The minutes of the meeting and all the project documents are available on Parivesh portal which can be accessed from the Parivesh portal by scanning the QR Code above. Brief description of the project is as under:
5. The details of the minerals to be mined along with production capacity and the brief on the salient features of the project as submitted by the project proponent in Form- 2 in the reports and presented before SEAC are annexed to this EC as **Annexure- 2**.
6. The SEAC in its meeting held on 05.10.2024, based on information submitted viz: Form-2, EMP report etc. & clarifications provided by the project proponent and after detailed deliberations on all technical aspects and compliance thereto furnished by the Project Proponent, recommended the proposal for grant of Environment Clearance under the provision of EIA Notification, 2006 and as amended thereof subject to stipulation of Specific and Standard EC conditions as detailed in the point below.
7. The State Environment Impact Assessment Authority (SEIAA), Odisha has examined the proposal in 182nd meeting held on 18.12.2024 in accordance with the provisions contained in the Environment Impact Assessment (EIA) Notification, 2006 & further amendments thereto and based on the recommendations of the SEAC hereby accords Environment Clearance for the instant proposal for “extraction of stone from Ghusurigudi-II Stone Quarry over an area of 10.00 Acres or 4.046 Hectares in village Ghusurigudi under Kalahandi Tahasil of Kalahandi District, Odisha” to Sri Rajeswar Thakur under the provisions of EIA Notification, 2006 and as amended thereof subject to compliance of the Specific and Standard EC conditions as given in **Annexure-1**.

Stipulation

Sl. Descriptions	Stipulation
(i) Lease Area:	10.00 Acres or 4.04 Ha
(ii) No Mining Zone:	7.5meter safety zone from all along the lease boundary.
(iii)Maximum Depth of Mining:	ofMaximum 6.00 Mtr. from the ground level/surface level of this area as stipulated in rule 37(1)(a) of the OMMC Rule, 2016.
(iv)Method of Mining	Semi-mechanized with drilling and blasting
(v) Permitted Quantity:	1 st year- 40086 cum/annum 2 nd year-40086 cum/annum 3 rd year-40086 cum/annum 4 th year-40086 cum/annum 5 th year-40086 cum/annum Total production in the 5 years lease period will be 200430cum.
(vi)Validity Period of EC:	This EC is valid till validity of lease period or 05 years whichever is earlier.

8. The SEIAA, Odisha reserves the right to stipulate additional conditions, if found necessary.
9. The Environmental Clearance to the aforementioned project is under provisions of EIA Notification, 2006. It does not tantamount to approvals/consent/permissions etc. required to be obtained under any other Act/Rule/regulation. The Project Proponent is under obligation to obtain approvals /clearances under any other Acts/ Regulations or Statutes, as applicable, to the project.
10. The PP is under obligation to implement commitments made in the Environment Management Plan, which forms part of this EC
11. Validity of EC is 5 years or upto lease period from date of lease execution granted by the regulatory authority whichever is earlier.
12. **General Instructions:**
 - The project proponent shall prominently advertise it at least in two local newspapers of the District or State, of which one shall be in the vernacular language within seven days indicating that the project has been accorded environment clearance and the details of SEIAA, Odisha website where it is displayed.

- The copies of the environmental clearance shall be submitted by the project proponents to the Heads of local bodies, Panchayats and Municipal Bodies in addition to the relevant offices of the Government who in turn must display the same for 30 days from the date of receipt.
- The project proponent shall have a well laid down environmental policy duly approved by the Board of Directors (in case of Company) or competent authority, duly prescribing standard operating procedures to have proper checks and balances and to bring into focus any infringements/deviation/violation of the environmental / forest / wildlife norms / conditions.
- Action plan for implementing EMP and environmental conditions along with a responsibility matrix of the project proponent (during construction phase) and authorized entity mandated with compliance of conditions (during operational phase) shall be prepared. The year wise funds earmarked for environmental protection measures shall be kept in a separate account and not to be diverted for any other purpose. Six monthly progress of implementation of the action plan shall be reported to the Ministry/Regional Office along with the Six-Monthly Compliance Report.
- Concealing factual data or submission of false/fabricated data may result in revocation of this environmental clearance and attract action under the provisions of Environment (Protection) Act, 1986.
- The Regional Office of this MoEF & CC, RO, SPCB, Odisha, Lease granting Authority either Mining Officer/Tahasildar and concerned DEIAA shall monitor compliance of the stipulated conditions. The project authorities should extend full cooperation to the officer (s) of the Regional Office and other Authorities by furnishing the requisite data / information/monitoring reports.
- Any appeal against this EC shall lie with the National Green Tribunal, if preferred, within a period of 30 days as prescribed under Section 16 of the National Green Tribunal Act, 2010.

13. This issues with the approval of the Competent Authority.

Annexure 1

Specific EC Conditions for (Mining Of Minerals)

1. Specific Conditions

S. No	EC Conditions
1.1	<p>Before lease agreement</p> <ul style="list-style-type: none"> • Boundary Demarcation: - The boundary of the lease area shall be demarcated on ground at the project cost, by erecting 1.20 meter (4 feet approx.) high reinforced concrete pillars above ground, each inscribed with its serial number, distance from pillar to pillar and GPS co-ordinates by any empanelled agency of ORSAC. • Digital Map: -A digital map (in KML format as well as PDF version) showing GPS coordinates of all boundary pillars duly countersigned by the Tahasildar/Mining officer shall be submitted to SEIAA, Odisha through email at seiaaodisha@gmail.com. • Intimation of EC: -The copies of the EC shall be sent to the Sarpanch (s) of the concerned Gram Panchayat (s), Urban Local Bodies and relevant other Offices of the Government with a request to display the same for 30 days from the date of receipt. The Project Authorities should widely advertise about the grant of this EC letter by printing the same in at least two local newspapers, one of which shall be in vernacular language of the concerned area. The advertisement shall be done within 7 days of the issue of the clearance letter mentioning that the instant project has been accorded EC and copy of the EC letter is available with the State Pollution Control Board and web site of the Ministry of Environment, Forest and Climate Change (www.parivesh.nic.in). A copy of the advertisement may be forwarded to the concerned MoEF&CC Regional Office for compliance and record. • Tree Plantation: -The Project Proponent (lease holder) shall plant 150 no. of native species within 2 years in a suitable location adjoining the quarry or any suitable place after consultation with local DFO, Mining Officer and Tahasildar. • State EMF Fund: - An amount equal to five percent (5%) of the royalty payable shall be collected from the lessee by the Tahasildar/Mining Officer and deposited to the State Environment Management Fund, which will be utilized as per provisions of Rule 49(3) of the OMMC Rule, 2016 preferably, in and around the areas where mining activities are undertaken. • Condition by Collector/ Deputy Director of Mines: - Any other condition(s) the Collector & Chairman, District Environment Impact Assessment Authority (DEIAA), may impose in the interest of protection and safeguarding the local environment. • Compliance report for Transfer of EC: - Any transfer of EC to a PP/Lessee shall be considered by SEIAA, Odisha only after receipt of the full compliance report through Tahasildar/Mining Officer concerned of the above environmental conditions and safeguards. • Other conditions/NOC:- Consent / NoC shall be obtained from the concerned authority if village road is to be used for transportation. The said road shall also be maintained by the lessee.
1.2	<p>After lease agreement</p> <ul style="list-style-type: none"> • The Project Proponent (PP) shall revise the DSR as per minerals deposit along with final coordinates to be ensured by the concerned lease granting Authority. • The boundary area of the deposit as per the revised /updated DSR to be defined by geo-coordinates based on DGPS survey superimposed on the cadastral map. • Mitigation measures for flying Rock for safety of human beings and animals during blasting to be ensured by the project proponent.

S. No	EC Conditions
	<ul style="list-style-type: none"> • The project proponent needs to maintain periodic health check-up records of their employees and ensure use of face masks by workers in crushing and handling sections of the stone quarry for ensuring that working personnel are not affected by silicosis. • Construction of garland drains retaining walls and settling tanks should be ensured to prevent erosion during rainfall and to collect silt generated during the mining activity. • Haulage road shall be developed and maintained perennially and perpetually by the proponent in consultation with the concerned authority of the Govt. • Topsoil excavated during mining to be stacked separately in the ML area and to be used for plantation in and around the ML area. • The project proponent shall undertake re-grassing of the area or any other area which may have been disturbed due to their mining activities and restore the land to a condition which is fit for fodder, flora, fauna etc. in compliance to the direction dated 8th January, 2020 of Hon'ble Supreme Court in Writ Petition(s) Civil No. 114/2014, Common Cause Vs Union of India & Ors. after ceasing mining operation that is at the time of mine closure. • The project proponent shall take geo-coordinating photographs of the lease area before mining and also subsequent period of mining and submit to SEIAA, Odisha in six (06) months EC compliance with photographs.
1.3	<p>Maximum permissible depth of mining: - Maximum depth of mining from the top surface/ground level of this area, at any point, up to which quarrying may be permitted shall be 6 meters as stipulated in rule 37(1) (a) of the OMMC Rule, 2016. Quarry excavation shall not proceed below a level on the hill slope, and shall not touch the base of the hill in any case. The exploitation of stone material from the hill shall be carried out in a systematic manner, spreading the quarrying activity to cover all the economic veins of minerals and proceeding uniformly to more and more depths from all sides simultaneously</p>
1.4	<p>Maximum permissible quantity: Maximum yearly quantity of extraction from the quarry shall not exceed its annual limit as specified above under stipulation in Table 'A stipulations'-sl. A(v) and the total production shall be 200430 cum during the valid lease period of five (05) years as per the approved mining plan. Any flouting of this quantitative restriction shall make this EC liable to cancellation.</p>
1.5	<p>No change in the mining plan without prior approval of SEIAA: - Any change in the calendar plan, change in production quantity or method of mining shall not be made without prior approval of the SEIAA. Mining activity shall adhere to the working parameters of the approved mining plan prepared for this project. The detailed production of laterite stone from the lease area of each year shall be submitted in tabular form during submission of compliance report.</p>
1.6	<p>Environmental Management Plan: (i) EMP shall be implemented by PP to ensure compliance with the environmental conditions specified above. The year wise funds earmarked for environmental protection measures shall be kept in a separate account and shall be spent according to the plan proposed in coordination with Tahasildar/Mining Officer. Year wise progress of implementation of EMP shall be reported to the SEIAA, Odisha and OSPCB along with the compliance report. The Tahasildar/Mining Officer shall ensure the compliance of this condition along with all the lease holders of his jurisdiction.</p> <p>(ii) The PP will implement the EMP with a budgetary allocation of Rs.2.55 Lakh (Capital Cost), Rs. 2.15 Lakh (Recurring cost) for the lease area as proposed during the valid lease period of 5</p>

S. No	EC Conditions
	years. The detailed expenditure on EMP shall be submitted with six monthly compliance reports.

Standard EC Conditions for (Mining of minerals)

1. Statutory Compliance

S. No	EC Conditions
1.1	The Environmental clearance shall be subject to orders of Hon'ble Supreme Court of India, Hon'ble High Courts, NGT and any other Court of Law, from time to time, and as applicable to the project
1.2	The project proponent shall obtain forest clearance under the provisions of Forest (Conservation) Act, 1986, in case of the diversion of forest land for non-forest purpose involved in the project.
1.3	The project proponent shall obtain clearance from the National Board for Wildlife, if applicable.
1.4	The project proponent shall obtain Consent to Establish / Operate under the provisions of Air (Prevention & Control of Pollution) Act, 1981 and the Water (Prevention & Control of Pollution) Act, 1974 from the concerned State pollution Control Board/ Committee.
1.5	The project proponent shall obtain the necessary permission from the other regulatory Authority during quarry operation if applicable.
1.6	Solid/hazardous waste generated in the mines needs to addressed in accordance to the Solid Waste Management Rules, 2016/Hazardous & Other Waste Management Rules, 2016.
1.7	Permission of power supply to be taken from the concerned authority for meeting power demand of the project site.
1.8	The maximum production or peak production at any given time shall not exceed the limit as prescribed in the EC.
1.9	Validity of EC is 5 years or upto lease period from date of lease execution granted by the regulatory authority whichever is earlier.

2. Air Quality Monitoring And Mitigation Measure

S. No	EC Conditions
2.1	Transportation of stone, to the extent if permitted by road, shall be carried out by covered trucks/conveyors. Effective control measures such as regular water sprinkling/rain gun/ Fog cannon /mist sprinkling etc., shall be carried out in critical areas prone to air pollution with higher level of particulate matter all through the stone transport roads, loading/unloading and transfer points. Fugitive dust emissions from all sources shall be controlled regularly. It shall be ensured that the ambient air quality parameters conform to the norms prescribed by the Central/State Pollution Control Board.
2.2	Major approach roads shall be black topped and properly maintained.

S. No	EC Conditions
2.3	The transportation of stone shall be carried out as per the provisions and route proposed in the approved mining plan. Transportation of the stone through the existing road passing through any village shall be avoided. In case, it is proposed to construct a 'bypass' road, it should be so constructed that the impact of sound, dust and accidents could be appropriately mitigated.
2.4	Vehicular emissions shall be kept under control and regularly monitored. All the vehicles engaged in mining and allied activities shall operate only after obtaining 'PUC' certificate from the authorized pollution testing centres.

3. Noise And Vibration Monitoring And Prevention

S. No	EC Conditions
3.1	The noise level survey shall be carried out as per the prescribed guidelines to assess noise exposure of the workmen at vulnerable points in the mine premises, and report in this regard shall be submitted to the Ministry/RO on six-monthly basis.

4. Mining Plan

S. No	EC Conditions
4.1	<p>No Mining Zone: The lessee shall ensure that no quarrying or mining is carried out in the areas as specified below: -</p> <ul style="list-style-type: none"> • 7.5-meter safety zone shall be kept from all sides of the lease boundary as per the approved mining plan. • within 100m (minimum distance criteria when blasting is not involved) and within 200m (minimum distance criteria when blasting is involved) from residential/ public buildings, inhabited sites, protected monuments, Heritage sites, National/State Highway, District roads, public roads, Railway line/area, Ropeway or Ropeway trestle or station, Bridges, Dam, Reservoirs, river, Canals, lakes or Tanks, or any other locations etc. • below ground water table under any circumstances. If ground water table occurs /intervenes within the permitted mining depth, then the quarrying shall be stopped immediately; • in the vicinity of natural /manmade archeological sites;
4.2	Mining shall be carried out under strict adherence to provisions of the OMMC Rules-2016, EC stipulation and SPCB & CPCB guidelines.
4.3	No change in mining method i.e. UG to OC, calendar programme and scope of work shall be made without obtaining prior approval of the SEIAA, Odisha.
4.4	Mining shall be carried out as per the approved mining plan (including Mine Closure Plan) abiding by mining laws related to coal mining and the relevant circulars issued by Directorate General Mines Safety (DGMS).
4.5	No mining shall be carried out in forest land without obtaining Forestry Clearance as per Forest (Conservation) Act, 1980 and also adhering to The Scheduled Tribes and Other Traditional Forest

S. No	EC Conditions
	Dwellers (Recognition of Forest Rights) Act, 2006 read with provisions of Indian Forest Act, 1927.
4.6	Efforts should be made to reduce energy and fuel consumption by conservation, efficiency improvements and use of renewable energy.
4.7	<p>Transport Safeguards:</p> <ul style="list-style-type: none"> • No transportation of the minerals shall be allowed on any road passing through villages/habitations without prior explicit permission. • Transportation of minerals through existing rural roads can be allowed only by the concerned Govt. Department/ Gram Panchayat/BDO after required strengthening such that the carrying capacity of the road is increased to handle the mineral carrying truck traffic. The project proponent shall bear the cost towards the widening and strengthening of existing public roads in case the same is proposed to be used for the project. • Project proponents shall ensure that the transport of minerals will be as per IRC Guidelines with respect to complying with traffic congestion and traffic density. • Vehicles hired for transportation of minor minerals from the site should be in good condition and should have pollution check certificates and should conform to applicable air and noise emission standards and should be operated only during non-peak hours. Speed of vehicle be regulated and in no case >30 Kms / hr be allowed. • The vehicles shall not be overloaded and shall be covered with Tarpaulin. The Tahasildar/Mining Officer may collect an appropriate additional road maintenance levy from the lessee as part of the lease conditions on the basis of quantum of mineral transported, and utilize the proceeds of the levy for proper maintenance of the extraction paths and roads to prevent their degradation on account of plying of mineral carrying trucks. • Water spraying should be made on the village road to control particulate matter (dust particles) pollution in surrounding air during transportation from the quarry. Garland drain shall be constructed on the hill slope to arrest downward flow of particulate matter with rainwater.

5. Land Recalvation

S. No	EC Conditions
5.1	<ul style="list-style-type: none"> • The project proponent shall undertake re-grassing of the area or any other area which may have been disturbed due to their mining activities and restore the land to a condition which is fit for fodder, flora, fauna etc. in compliance to the direction dated 8th January, 2020 of Hon'ble Supreme Court in Writ Petition(s) Civil No. 114/2014, Common Cause Vs Union of India & Ors. after ceasing mining operation that is at the time of mine closure.
5.2	Regular monitoring of subsidence movement on the surface over and around the working areas and its impact on natural drainage pattern, water bodies, vegetation, structure, roads and surroundings shall be continued till movement ceases completely. In case of observation of any high rate of subsidence beyond the limit prescribed, appropriate effective mitigation measures shall be taken to avoid loss of life and materials. Cracks should be effectively plugged in with ballast and clay soil/suitable material.

S. No	EC Conditions
5.3	A separate team for subsidence monitoring and surface mitigation measures shall be constituted and continuous monitoring & implementation of mitigation measures be carried out.
5.4	Thorough inspection of the mine lease area for any cracks developed at the surface due to mining activities below ground shall be carried out to prevent inrush of water in the mine.
5.5	Native tree species shall be selected and planted over areas affected by subsidence.
5.6	The project proponent shall make necessary alternative arrangements, if grazing land is involved in core zone, in consultation with the State government to provide alternate areas for livestock grazing, if any. In this context, the project proponent shall implement the directions of Hon'ble Supreme Court with regard to acquiring grazing land.

6. Miscellaneous

S. No	EC Conditions
6.1	The project proponent shall make public the environmental clearance granted for their project along with the environmental conditions and safeguards at their cost by prominently advertising it at least in two local newspapers of the District or State, of which one shall be in the vernacular language within seven days and in addition this shall also be displayed in the project proponent's website permanently.
6.2	The copies of the environmental clearance shall be submitted by the project proponents to the Heads of local bodies, Panchayats and Municipal Bodies in addition to the relevant offices of the Government who in turn has to display the same for 30 days from the date of receipt.
6.3	The project proponent shall upload the status of compliance of the stipulated environment clearance conditions, including results of monitored data on their website and update the same on half-yearly basis.
6.4	The project proponent shall submit six-monthly reports on the status of the compliance of the stipulated environmental conditions on the website of the ministry of Environment, Forest and Climate Change at environment clearance portal.
6.5	The project proponent shall submit the environmental statement for each financial year in Form-V to the concerned State Pollution Control Board as prescribed under the Environment (Protection) Rules, 1986, as amended subsequently and put on the website of the company.
6.6	The project authorities must strictly adhere to the stipulations made by the State Pollution Control Board and the State Government.
6.7	The project proponent shall abide by all the commitments and recommendations made in the EMP report, commitment made during EC application and also that during their presentation to the SEAC.
6.8	No further expansion or modifications in the plant shall be carried out without prior approval of the SEIAA, Odisha

S. No	EC Conditions
6.9	Concealing factual data or submission of false/fabricated data may result in revocation of this environmental clearance and attract action under the provisions of Environment (Protection) Act, 1986.
6.10	The SEIAA, Odisha may revoke or suspend the clearance, if implementation of any of the above conditions is not satisfactory.
6.11	The Ministry reserves the right to stipulate additional conditions if found necessary. The Company in a time bound manner shall implement these conditions.
6.12	The Regional Office of this Ministry shall monitor compliance of the stipulated conditions. The project authorities should extend full cooperation to the officer (s) of the Regional Office by furnishing the requisite data / information/monitoring reports.
6.13	The above conditions shall be enforced, inter-alia under the provisions of the Water (Prevention & Control of Pollution) Act, 1974, the Air (Prevention & Control of Pollution) Act, 1981, the Environment (Protection) Act, 1986, Hazardous and Other Wastes (Management and Transboundary Movement) Rules, 2016 and the Public Liability Insurance Act, 1991 along with their amendments and Rules and any other orders passed by the Hon'ble Supreme Court of India / High Courts and any other Court of Law relating to the subject matter.
6.14	Persons of nearby villages shall be given training on livelihood and skill development to make them employable with its proper records.
6.15	The illumination and sound at night at project sites disturb the villages in respect of both human and animal population. Consequent sleeping disorders and stress may affect the health in the villages located close to mining operations. Habitations have a right for darkness and minimal noise levels at night. PPs must ensure that the biological clock of the villages is not disturbed; by orienting the floodlights/ masks away from the villagers and keeping the noise levels well within the prescribed limits for day light/night hours
6.16	<p>Other Environmental Conditions: -</p> <ul style="list-style-type: none"> • The lessee shall ensure safety of human life and livestock from accidents in case the village / any habitation is very near the mining lease area. • Topsoil, if any, shall be stacked properly with proper slope with adequate measures and should be used for plantation purposes. • Dumping of quarry material is in no case permissible on any forest land; and all dump yards shall be on duly permitted non forest land. • Waste oils, used oils generated from the EM machines, mining operations, if any, shall be disposed as per the Hazardous Wastes (Management, Handling, and trans-boundary movement) Rules, 2008 and its amendments thereof to the recyclers authorized by SPCB, Odisha. • At the end of mine closure, the proponent shall immediately remove all the sheds put up in the quarry and all the equipment in the area before closure of the quarry. • Permanent barricading/barbed wire fencing of the mining lease area site shall be done after completion of mining activities to prevent any danger for stray animals and human habitations from accidents.

S. No	EC Conditions
	<ul style="list-style-type: none"> The Project Proponent shall undertake phased restoration, reclamation and rehabilitation of land affected by mining and complete this work before abandonment of mine. Filling of the ditch by fly ash is to be ensured by the lessee, as also fencing the area, guard wall for safety of cattle & traffic.
6.17	<p>Reclamation & Restoration:-Pursuant to MoEF & CC, O.M No 22-34/2018-1A.IIIdated 16.01.2020 and in compliance to the directions dated 8th January 2020 of Hon'ble Supreme Court in W.P. (Civil) No.114/2014 in the matter of Common Cause vs Union of India, the mining lease holder shall, after ceasing mining operations, undertake re-grassing the mining area and any other area which may have been disturbed due to other mining activities and restore the land to a condition which is fit for growth of fodder, flora, fauna etc. The Project Proponent shall submit a detailed plan of action in this regard to Tahasildar/Mining Officer within six months, indicating definite timelines and physical outcomes for the reclamation & restoration of the mined-out area. The Tahasildar/ Mining Officer shall submit a compliance report to SEIAA, Odisha at the end of lease period.</p>
6.18	<p>Common Forum for EMP:- All the individual quarry lessee holders coming under the Tahasil may create a common forum in coordination with the Tahasildar/Mining Officer and contribute funds to it for grading, compaction and maintenance of haulage road, provision of water spray on the village road to control particulate matter (dust particles) pollution in surrounding air during transportation from the quarry, and provision of thick, multilayer and a continuous green belt around the lease area excluding the entry and exit gate for prevention of environmental pollution and noise during mining activity.</p>

Additional EC Conditions

Maximum depth of mining 6.0 meter from the surface level and maximum quantity of extraction shall be limited to **40086 /annum** and total production in 5 years is **200430 cum**.

The EC is valid for the balance lease period subject to the quantity prescribed in the modified DSR or revised Mining Plan whichever is less.

The PP shall implement the EMP with a budgetary allocation of **Rs. 5.55 Lakh** (capital cost) and **Rs. 2.15 Lakh** (Recurring cost) as proposed in the EMP report during EC application.

The PP shall plant **150 nos.** of tree species like Banyan (*Ficus benghalensis*), Peepal(*Ficus religiosa*), Neem (*Azadirachta indica*), Jamun(*Syzygium cumini*), Mango(*Mangifera indica*), Karanj(*Pongamia pinnata*), Arjun(*Terminalia Arjuna*), Jack fruit (*Artocarpus heterophyllus*), Siris (*Albizia lebbeck*), etc.. as part of tree plantation campaign "**Ek Ped Maa Ke Naam**" and the details of the same shall be uploaded in the MeriLiFE Portal (<https://merilife.nic.in>).The PP shall submit the status of plantation during every six-months (06) compliance of EC conditions with geo-coordinating photographs.

The compliance of EC conditions of said quarry shall be monitored by DEIAA, concerned lease granting Authority either Mining Officer or Tahasildar, RO, SPCB, Odisha and Integrated Regional Office of MoEFCC, Bhubaneswar as per MoEF & CC, Govt. of India S.O. 141(E) in EIA Notification dated 15.01.2016.

The Project Proponent shall uploaded/submitted six monthly EC compliance in the Parivesh Portal of MoEF & CC., Govt. of India only falling which the EC is liable to revoked.

1. Proposal in brief:

The highlights of the proposal as ascertained from the application and as revealed from proceedings/discussion held during the meeting of SEAC/SEIAA are given as under.

- (i) This is a proposal for **extension of validity of EC after two years** for Ghusurigudi-II Stone Quarry over an area of 10.00 Acres or 4.046 Hectares in village Ghusurigudi under Kalahandi Tahasil of Kalahandi District, Odisha
- (ii) The mining area is a part of Survey of India Toposheet No. 65M1 and the lease area bounded by Latitude: 19⁰ 59' 15.40" N to 19⁰ 59' 05.113" N and Longitude 83⁰ 05' 14.110" E to 83⁰ 05' 19.712" bearing Khata no.125 and Plot no.361, Kissam-Dunguri.
- (iii) The mining lease is an identified sairat source in the DSR. The Ghusurigudi-II Stone Quarry sairat source will be leased out under the OMMC Rules, 2016 by Mining Officer, Kalahandi to the successful bidder (lessee) on the basis of public auction for a lease period of 5 years.
- (iv) Documents submitted: -Form-1, PFR, EMP, DLC, checklist, Mining Plan and approval letter, DSR, Village sheet, Cluster certificate from Mining Officer, Kalahandi, topo map etc.
- (v) Whether submitted KML file of the lease area-Yes
- (vi) Whether submitted scrutiny fee-Yes, of Rs. 1000/- vide e Challan Reference Id No. 38177897C5 dated 11.09.2024.
- (vii) Distance from nearest sanctuary/ESZ- Karalapat WLS-35.0Km
- (viii) Whether the lease area coming in DLC report-No, It has been clarified by Mining Officer, Kalahandi on 09.08.2024.
- (ix) Method of mining-Semi-mechanized with drilling & blasting
- (x) Whether the lease area reflecting in DSR-Yes
- (xi) Method of mining-Semi-mechanized with drilling Balsting
- (xii) Distance from nearest road bridge-2.5 km, village road 0.70 km
- (xiii) Whether it is part of cluster –No
- (xiv) Whether EC obtained earlier-Yes, by SEIAA, Odisha vide EC Identification No. - EC22B001OR194419 dated 05.11.2022 for two years
- (xv) Date of approval of mining plan along with progressive mine closer plan- the Joint Director of Geology, Zonal Survey, Balangir vide letter no.Nil dated 20.06..2022.
- (xvi) As per approved mining plan the Geological reserve of the quarry is 940398 cum, Mineable reserve is 800904 cum, annual production will be **40086**/annum and total production in 5 years is 200430 cum.
- (xvii) Whether the DSR has been prepared as per the MoEF& CC, Govt. of India Notification S.O. 3611(E) dated 25.07.2018, Sustainable sand mining guidelines-2016 and Enforcement & Monitoring Guideline for sand mining-2020- **No**
- (xviii) Budget for indivisual EMP- Rs. 5,55,000/-(Capital cost) and Rs. 2,15,000/- (Recurring cost),
- (xix) Any deficiencies/omission have been noticed in the above documents- Nil

1. **Whether SEAC recommended the proposal – Yes**, the proposal was placed in the SEAC meeting held on 05.10.2024 and The SEAC recommended to grant EC valid from the date of EC accorded up to the lease period with following additional conditions.
 - (i) Consent / NoC shall be obtained from the concerned authority if village road is to be used for transportation. The said road shall also be maintained by the lessee.
 - (ii) In view of likely revision of DSR the mention of this deposit with final coordinates is to be ensured

- (iii) Plantation programme to be completed within first two years and to be maintained in remaining years.
- (iv) Depth of Mining as proposed should not be beyond 6m from the ground level.
- (v) Mitigation measures for flying Rock for safety be put in place.
- (vi) Stone quarry project proponent need to maintain periodic health check-up records of their employees and ensure use of face mask by workers in crushing and handling sections of the stone quarry for ensuring that working personnel are not affected by silicosis.
- (vii) The boundary area of the deposit as per the revised / updated DSR to be defined by geo coordinates based on DGPS survey superimposed on the cadastral map.
- (viii) Construction of garland drains retaining wall and settling tank should be ensured to prevent erosion during rainfall and to collect silt generated during the mining activity.
- (ix) All the dumps shall be covered by retaining wall, garland drains and settling ponds.
- (x) Maximum depth of quarry shall not exceed 6 meters from ground level as per guidelines.
- (xi) No explosives shall be stored without approval of competent authority and all the precautions for blasting shall be put in place.
- (xii) Worked out pit shall be fenced.
- (xiii) No tree growth in the lease area if present shall be damaged.

However, EC shall be granted after submission of following:

- (i) The PP is already mining, details of earlier EC, production, compliance to be submitted
