Subject: Grant of prior Environmental Clearance (EC) to the proposed Mining Project in respect to increasing production capacity of sand from 20000 cum/annum to 47100 cum/annum under the provisions of EIA Notification 2006-regarding

Sir/Madam,

This is in reference to your application submitted to SEIAA, Odisha vide proposal number SIA/OR/MIN/481792/2024 dated 18/06/2024 for grant of prior Environmental Clearance (EC) to the project Hulipur Mahanadi Sand Quarry over an area of 5.00 Ha having Khata No. 882, Plot No. 1 in village Hulipur under Kishannagar Tahasil of Cuttack District, Odisha in respect to expansion of production capacity from 20000 cum/annum to 47100 cum/annum capacity under the provision of the EIA Notification 2006-and as amended thereof.

2. The particulars of the proposal are as below :

(i) EC Identification No.	EC24C0107OR5372678N
(ii) File No.	481792/81-MINB2/06-2024
(iii) Clearance Type	Mining EC Under 5 Ha
(iv) Category	B2
(v) Project/Activity Included Schedule No.	1(a) Mining of minerals Proposal for Fresh EC of Hulipur Mahanadi Sand Quarry over an area of 5.00 Ha having Khata No. 882, Plot No. 1 in village Hulipur under Kishannagar Tahasil of Cuttack District, Odisha.
(vii) Name of Project	
(ix) Location of Project (District, State)	CUTTACK, ODISHA
(x) Issuing Authority	SEIAA, Odisha
(xii) Applicability of General Conditions	No

3. In view of the particulars given in the Para-1 above, the project proposal interalia including Form-2 were submitted

to the SEAC for an appraisal by the State Level Expert Appraisal Committee (SEAC) under the provision of EIA notification 2006 and its subsequent amendments thereto.

4. The above-mentioned proposal has been considered by SEAC in its meeting held on 15th & 16th May, 2024. The minutes of the meeting and all the project documents are available on Parivesh portal which can be accessed from the Parivesh portal by scanning the QR Code above. Brief description of the project is as under:
5. Details of the minerals to be mined along with production capacity and the brief on the salient features of the project as submitted by the project proponent in Form- 2 in the reports and presented before SEAC are annexed to this EC as **Annexure- 2**.
6. The SEAC in its meeting held on 06th & 07th March, 2024, based on information submitted viz: Form-2, EMP report etc & clarifications provided by the project proponent and after detailed deliberations on all technical aspects and compliance thereto furnished by the Project Proponent, recommended the proposal for grant of Environment Clearance under the provision of EIA Notification, 2006 and as amended thereof subject to stipulation of Specific and Standard EC conditions as detailed in the point below.
7. The State Environment Impact Assessment Authority (SEIAA), Odisha has examined the proposal in 178th meeting held on 30.10.2024 in accordance with the provisions contained in the Environment Impact Assessment (EIA) Notification, 2006 & further amendments thereto and based on the recommendations of the SEAC hereby accords Environment Clearance for the instant proposal for “expansion of production capacity of sand from 20000 cum/annum to 30000 cum/annum of Hulipur Mahanadi Sand Quarry over an area of 5.00 Ha having Khata No. 882, Plot No. 1 in village Hulipur under Kishannagar Tahasil of Cuttack District, Odisha to Sri Saroj Kumar Mohanty under the provisions of EIA Notification, 2006 and as amended thereof subject to compliance of the Specific and Standard EC conditions as given in **Annexure-1**.

Stipulations

Sl.	Descriptions	Stipulation
------------	---------------------	--------------------

- | | | |
|-------|--------------------------|--|
| (i) | Lease Area: | 12.35 Acres or 5.0 Ha. |
| (ii) | No Mining Zone: | (i). The PP shall maintain safety and stability of Riverbanks i.e. 3 meter or 10% of river width whichever is more for protection of river bank and
(ii). 7.5-meter safety zone from all sides of lease boundary.
(iii). No stream should be diverted for the purpose of sand mining. No natural water course and/ or water resources are obstructed due to mining operations. |
| (iii) | Maximum Depth of Mining: | 1.4 meter as per Annual rate of Replenishment Study (ARRS) report submitted by the PP. |
| (iv) | Method of Mining: | of Semi-mechanized method of mining as per approved modified mining plan dated 03.06.2024 by Deputy Director Geology, O/o- Directorate of Mines & Geology, Bhubaneswar. |
| (v) | Permitted Quantity: | Maximum depth of mining shall be upto 1.4 meter and maximum quantity of extraction shall be limited to 30000 cum/annum valid upto the balance lease period subject to the quantity prescribed in the revised DSR or modified Mining Plan (approved by the competent Authority) whichever is less. |
| (vi) | Validity of EC: | The validity of EC is for balance lease period subject to the quantity prescribed in the modified DSR or revised Mining Plan whichever is less. |
| (vii) | ARRS report | The PP is required to carry out the Annual rate of replenishment study (ARRS) through ORSAC empanel agency in subsequent years and submit the report to SEIAA, Odisha. |

8. The SEIAA, Odisha reserves the right to stipulate additional conditions, if found necessary.
9. The Environmental Clearance to the aforementioned project is under provisions of EIA Notification, 2006. It does not tantamount to approvals/consent/permissions etc. required to be obtained under any other Act/Rule/regulation. The Project Proponent is under obligation to obtain approvals /clearances under any other Acts/ Regulations or Statutes, as applicable, to the project.
10. The PP is under obligation to implement commitments made in the Environment Management Plan, which forms part of this EC.
11. Validity of EC is for the balance lease period subject to the quantity prescribed in the modified DSR or revised

Mining Plan whichever is less.

12. General Instructions:

1. The project proponent shall prominently advertise it at least in two local newspapers of the District or State, of which one shall be in the vernacular language within seven days indicating that the project has been accorded environment clearance and the details of SEIAA, Odisha website where it is displayed.
2. The copies of the environmental clearance shall be submitted by the project proponents to the Heads of local bodies, Panchayats and Municipal Bodies in addition to the relevant offices of the Government who in turn must display the same for 30 days from the date of receipt.
3. The project proponent shall have a well laid down environmental policy duly approved by the Board of Directors (in case of Company) or competent authority, duly prescribing standard operating procedures to have proper checks and balances and to bring into focus any infringements/deviation/violation of the environmental / forest / wildlife norms / conditions.
4. Action plan for implementing EMP and environmental conditions along with responsibility matrix of the project proponent (during construction phase) and authorized entity mandated with compliance of conditions (during operational phase) shall be prepared. The year wise funds earmarked for environmental protection measures shall be kept in separate account and not to be diverted for any other purpose. Six monthly progress of implementation of action plan shall be reported to the Ministry/Regional Office along with the Six-Monthly Compliance Report.
5. Concealing factual data or submission of false/fabricated data may result in revocation of this environmental clearance and attract action under the provisions of Environment (Protection) Act, 1986.
6. The compliance of EC conditions of said quarry shall be monitored by DEIAA, concerned lease granting Authority either Mining Officer or Tahasildar, RO, SPCB, Odisha and Integrated Regional Office of MoEFCC, Bhubaneswar as per MoEF & CC, Govt. of India S.O. 141(E) in EIA Notification dated 15.01.2016.
7. Any appeal against this EC shall lie with the National Green Tribunal, if preferred, within a period of 30 days as prescribed under Section 16 of the National Green Tribunal Act, 2010.

13. This issue with an approval of the Competent Authority.

Specific EC Conditions for (Mining Of Minerals)

1. Environmental Conditions And Safeguards Which Need To Be Complied With By The Tahasildar/mining Officer Before Executing Lease Agreement:

S. No	EC Conditions
1.1	Boundary Demarcation: - The boundary of the lease area shall be demarcated on ground at the project cost, by erecting 1.20 meter (4 feet approx.) high reinforced concrete pillars above ground, each inscribed with its serial number, distance from pillar to pillar and GPS co-ordinates by any empanelled agency of ORSAC.
1.2	Digital Map: -A digital map (in KML format as well as PDF version) showing GPS coordinates of all boundary pillars duly countersigned by the Tahasildar/Mining officer shall be submitted to SEIAA, Odisha through email at seiaaodisha@gmail.com.
1.3	Intimation of EC: -The copies of the EC shall be sent to the Sarpanch (s) of the concerned Gram Panchayat (s), Urban Local Bodies and relevant other Offices of the Government with a request to display the same for 30 days from the date of receipt. The Project Authorities should widely advertise about the grant of this EC letter by printing the same in at least two local newspapers, one of which shall be in vernacular language of the concerned area. The advertisement shall be done within 7 days of the issue of the clearance letter mentioning that the instant project has been accorded EC and copy of the EC letter is available with the State Pollution Control Board and web site of the Ministry of Environment, Forest and Climate Change (www.parivesh.nic.in). A copy of the advertisement may be forwarded to the concerned MoEF&CC Regional Office for compliance and record.
1.4	Tree Plantation: -The PP shall plant 250 no. of plants of native species within 2 years in a suitable location adjoining the quarry and other suitable location after consultation with concerned DFO, Mining Officer/Tahasildar and the same to be submitted in six-monthly EC compliance to uploaded in Parivesh Portal with geo-coordination photographs of Plantation activities.
1.5	State EMF Fund: - An amount equal to five percent (5%) of the royalty payable shall be collected from the lessee by the Tahasildar/Mining Officer and deposited to the State Environment Management Fund, which will be utilized as per provisions of Rule 49(3) of the OMMC Rule, 2016 preferably, in and around the areas where mining activities are undertaken.
1.6	Condition by Collector: - Any other condition(s) the Collector & Chairman, District Environment Impact Assessment Authority (DEIAA), may impose in the interest of protection and safeguarding the local environment.
1.7	Compliance report for Transfer of EC: - Any transfer of EC to a PP/Lessee shall be considered by SEIAA, Odisha only after receipt of the full compliance report through Tahasildar/Mining Officer concerned of the above environmental conditions and safeguards.
1.8	Other conditions/NOC:- Consent / NoC shall be obtained from the concerned authority if village road is to be used for transportation. The said road shall also be maintained by the lessee

2. Environmental Conditions And Safeguards Which Need To Be Complied On Field After The Lease Agreement:

S. No	EC Conditions
2.1	<p>Maximum permissible quantity: Maximum yearly quantity of extraction from the quarry shall not exceed the annual limit as specified above under stipulation in Table 'A stipulations'-sl. A(v) i.e. 30000 cum with depth of mining 1.4 meter as per Annual Rate of Replenishment Study (ARRS) report submitted by the PP.</p>
2.2	<p>Annual Replenishment Rate Study of Sand: -The Project Proponent shall carry out Annual Rate of Replenishment study of sand by ORSAC empanel agency or NABET Consultant as per prescribed drone method of MoEF & CC, Govt. of India by collecting pre monsoon & post monsoon data from the field to know the quantum of volume of sand deposited/replenished & extracted in the mining lease area. The detailed comparison of both pre-monsoon and post-monsoon elevation data shall be included in the study report. The detailed methodology for finding the rate of replenishment study of sand is laid down in the Enforcement & Monitoring Guidelines for Sand Mining, 2020 issued by the MoEF & CC, Govt. of India. The finding of the study shall be submitted to SEIAA to assess the actual rate of replenishment of mined out sand in the lease area. PP shall carry out Annual Rate of Replenishment Study (ARRS) through ORSAC empanel agency in every year and submit the report to SEIAA, Odisha during submission of EC compliance with attaching real-time geo-coordinating photographs both pre and post monsoon data collection time.</p>
2.3	<p>No change in the mining plan without prior approval of SEIAA: - Any change in the calendar plan, change in production quantity or method of mining shall not be made without prior approval of the SEIAA. Mining activity shall adhere to the working parameters of the approved mining plan prepared for this project. The detailed production of sand from the lease area of each year shall be submitted in tabular form during submission of compliance report.</p>
2.4	<p>Environmental Management Plan: EMP shall be implemented by PP to ensure compliance with the environmental conditions specified above. The year wise funds earmarked for environmental protection measures shall be kept in a separate account and shall be spent according to the plan proposed in EMP. The PP will implement the EMP with a budgetary allocation of Rs.2.0 lakh /annum. Year wise progress of implementation of EMP shall be reported to the SEIAA, Odisha and OSPCB along with the compliance report. The Tahasildar/ Mining Officer shall ensure the compliance of this condition along with all lease holders of his jurisdiction.</p>
2.5	<p>Common Forum for EMP:- All the individual quarry lessee holders coming under the Tahasil may create a common forum in coordination with the Tahasildar/ Mining Officer and contribute funds to it for grading, compaction and maintenance of haulage road, provision of water spray on the village road to control particulate matter (dust particles) pollution in surrounding air during transportation from the quarry, and provision of thick, multilayer and a continuous green belt around the lease area excluding the entry and exit gate for prevention of environmental pollution and noise during mining activity.</p>
2.6	<p>No Working Zone: - The lessee shall ensure that no sand mining is carried out in the areas as specified below: -</p> <ul style="list-style-type: none"> • The Project proponent shall follow Sustainable Sand Mining • Within the water channel or stream flow area throughout the year; • Mining shall not be undertaken in a mining lease located in 200-500 meter of bridge, 200 meter upstream and downstream of water supply/irrigation scheme, 100 meter from the edge

S. No	EC Conditions
	<p>of National Highway and railway line, 50 meter from a reservoir, canal or building, 25 meter from the edge of State Highway and 10 meter from the edge of other roads except on special exemption by the Sub-Divisional level Joint Inspection Committee.</p> <ul style="list-style-type: none"> • The mining or any ancillary activity shall not in any way disturb the flow pattern of the river water during the non-monsoon period. • No stream shall be diverted for the purpose of sand mining and no natural water course shall be obstructed. • Sand mining operations shall not affect the existing sources for irrigation / drinking water / industrial purposes. • The natural sand dunes, if any, near or surrounding the lease area shall not be disturbed. During the rainy season.
2.7	<p>Transport Safeguards:</p> <ul style="list-style-type: none"> • No transportation of the minerals shall be allowed on any road passing through villages/habitations without prior explicit permission. • Transportation of minerals through existing rural roads can be allowed only by the concerned Govt. Department/ Gram Panchayat/BDO after required strengthening such that the carrying capacity of the road is increased to handle the mineral carrying truck traffic. The project proponent shall bear the cost towards the widening and strengthening of existing public roads in case the same is proposed to be used for the project. • Project proponents shall ensure that the transport of minerals will be as per IRC Guidelines with respect to complying with traffic congestion and traffic density. • Vehicles hired for transportation of minor minerals from the site should be in good condition and should have pollution check certificates and should conform to applicable air and noise emission standards and should be operated only during non-peak hours. Speed of vehicle be regulated and in no case >30 Kms / hr be allowed. • The vehicles shall not be overloaded and shall be covered with Tarpaulin. The Tahasildar/ Mining Officer may collect an appropriate additional road maintenance levy from the lessee as part of the lease conditions on the basis of quantum of mineral transported, and utilize the proceeds of the levy for proper maintenance of the extraction paths and roads to prevent their degradation on account of plying of mineral carrying trucks. • Water spraying should be made on the village road to control particulate matter (dust particles) pollution in surrounding air during transportation from the quarry. Garland drain shall be constructed on the hill slope to arrest downward flow of particulate matter with rainwater.
2.8	<p>Other Environmental Conditions: -The Project Proponent shall follow all the provisions of Sand Policy of Govt. Of Odisha dated 02.09.2021 for this sand mining project.</p> <ul style="list-style-type: none"> • The Tahasildar/ Mining Officer shall take adequate measures to prevent unauthorized mining; • The project proponent should carry out river bed sand mining manually by engaging local

S. No	EC Conditions
	<p>laborers to check over exploitation of sand at the source;</p> <ul style="list-style-type: none"> • The lessee shall ensure safety of human life and livestock from accidents in case the village / any habitation is very near the mining lease area. • At the end of mine closure, the proponent shall immediately remove all the sheds put up in the quarry and all the equipment in the area before closure of the quarry
2.9	<p>Half-yearly Compliance Report: -It shall be mandatory for the project management to submit half yearly compliance reports on the status of implementation of the above stipulated environment. The project authority is mandatory to upload the compliance report of EC conditions including results of monitored data, as applicable in the website of the Ministry for monitoring of EC Conditions. No hard copy and soft copy required to submit to SEIAA, Odisha, failing which EC is liable to be revoked.</p>
2.10	<p>Concomitant Monitoring: - The conditions stipulated in the environmental clearance will be closely monitored on the ground by the lease granting authority, i.e. the Tahasildar/mining officer, who shall ensure compliance of the stipulated conditions and take corrective measures promptly in case of any non-compliance and also ensure that the project proponent submits half yearly compliance reports.</p>
2.11	<p>Independent Monitoring: -The concerned Regional Office of the MoEF & CC/ SPCB, Odisha shall periodically monitor compliance of the stipulated conditions as applicable for this project. The project authorities should extend full cooperation to the MoEF & CC officer(s)/SPCB officer(s) by furnishing the requisite data / information / monitoring reports.</p>
2.12	<p>Revocation of EC: - The SEIAA, Odisha may revoke or suspend the EC, if implementation of any of the above conditions is not satisfactory. The SEIAA, Odisha reserves the right to alter /modify the above conditions or stipulate any further condition in the interest of environment protection.</p>
2.13	<p>Change in Ownership of Lease: - This EC shall not be transferred without the permission of SEIAA, Odisha. The Tahasildar/ Mining Officer shall inform the SEIAA of any change in ownership of the mining lease. No mining is allowed without transfer of EC as per provisions of the para 11 of EIA Notification, 2006, as amended from time to time.</p>

Additional EC Conditions

1. The Maximum depth of mining shall be upto **1.4 meter** and maximum quantity of extraction shall be limited to **30000 cum** per annum which is 43% of the pervious ARRS report (submitted vide EC application no. SIA/OR/MIN/451241/2023 dated 15.11.2023) valid upto the balance lease period subject to the quantity prescribed in the revised DSR or modified Mining Plan (approved by the competent Authority) whichever is less.
2. The EC is valid for the balance lease period subject to the quantity prescribed in the modified DSR or revised Mining Plan whichever is less.
3. The PP is required to carry out the Annual rate of replenishment study (ARRS) through ORSAC empanel agency in subsequent years and submit the report to SEIAA, Odisha.
4. The PP shall implement the EMP with a budgetary allocation of **Rs. 2.0 Lakh/annum** as proposed in the EMP report during EC application.

5. The PP shall plant **250 nos.** of tree species like Banyan (*Ficus benghalensis*), Peepal (*Ficus religiosa*), Neem (*Azadirachta indica*), Jamun (*Syzygium cumini*), Mango (*Mangifera indica*), Karanj(*Pongamia pinnata*), Arjun(*Terminalia Arjuna*), Jack fruit (*Artocarpus heterophyllus*), Siris (*Albizia lebbeck*), etc.. as part of tree plantation campaign "**Ek Ped Maa Ke Naam**" and the details of the same shall be uploaded in the MeriLiFE Portal (<https://merilife.nic.in>).The PP shall submit the status of plantation during every six-months (06) compliance of EC conditions with geo-coordinating photographs.
6. The compliance of EC conditions of said quarry shall be monitored by DEIAA, concerned lease granting Authority either Mining Officer or Tahasildar, RO, SPCB, Odisha and Integrated Regional Office of MoEFCC, Bhubaneswar as per MoEF & CC, Govt. of India S.O. 141(E) in EIA Notification dated 15.01.2016.
7. The Project Proponent shall uploaded/submitted six monthly EC compliance in the Parivesh Portal of MoEF & CC., Govt. of India only falling which the EC is liable to revoked.

1. Proposal in brief:

The highlights of the proposal as ascertained from the application and as revealed from proceedings/discussion held during the meeting of SEAC/SEIAA, are given as under.

- (i) This is a proposal for mining of sand from Hulipur Mahanadi Sand Quarry over an area of 5.00 Ha having Khata No. 882, Plot No. 1 in village Hulipur under Kishannagar Tahasil of Cuttack District, Odisha.
- (ii) The mining area is a part of Survey of India Toposheet No. 73L/3 and is bounded between the Latitude - 20°25'49.6" N to 20°25'58.8"N & Longitude 86°04'01.1"E to 86°04'11.0"E.
- (iii) The mining lease is an identified sairat source in the DSR. The Hulipur Mahanadi Sand Quarry sairat source will be leased out under the OMMC Rules, 2016 by Tahasildar, Kishannagar to the successful bidder (lessee) on the basis of public auction for a lease period of 5 years.
- (iv) Documents submitted: -Form-1, PFR, checklist, Mining Plan and approval letter, DSR, Village sheet, Cluster certificate from Tahasildar, topo map etc.
- (v) Whether submitted KML file of the lease area-Yes
- (vi) Whether submitted scrutiny fee-No
- (vii) Distance from nearest sanctuary/ESZ- Chandaka WLS-37.0 Km
- (viii) Whether the lease area coming in DLC report-No N/A
- (ix) Whether the lease area reflecting in DSR-Yes
- (x) Method of mining-Semi-mechanized
- (xi) River-Mahanadi, Depth of sand deposition-2.0 meter
- (xii) Distance from nearest road bridge-2.4 km, village road -0.70 km
- (xiii) Whether it is part of cluster –No.
- (xiv) Whether EC obtained earlier-Yes, the PP has obtained EC from SEIAA, Odisha vide letter no. 8723/SEIAA dt. 17.08.2020 with allowing 1st year production quantity of 3000 cum subject to submission of ARRS report by August 2021. Again, the PP has submitted application for expansion of EC vide proposal no. SIA/OR/MIN/425288/2023 dt. 10.04.2023 and the Authority rejected the proposal for expansion quantity from 3000 cum/annum to 20000 cum/annum due ARRS report was not done as per MoEF & CC guidelines but allowed EC with production quantity of 3000 cum for the 2nd year. Further, EC obtained vide EC Identification No. EC24B001OR111394 dated 06.05.2024 for extraction of 20,000 cum/annum of sand
- (xv) Date of approval of Modified mining plan- the Deputy Director of Geology, Directorate of Geology, Bhubaneswar vide letter no.275 dt.13.01.2021.
- (xvi) Production capacity per annum-47100 cum/annum (max.), total production in 2 years period-94200 cum, Geological reserve-90340 cum and Mineable reserve-47100 cum.
- (xvii) Whether the DSR has been prepared as per the MoEF& CC, Govt. of India Notification S.O. 3611(E) dated 25.07.2018, Sustainable sand mining guidelines-2016 and Enforcement & Monitoring Guideline for sand mining-2020- No
- (xviii) The EMP budget provision of Rs. 2.0 Lakh/annum
- (xix) The PP has submitted ARRS report by Areal Constructions & Geo-India Services (A Construction & GIS Based Consultancy) (ORSAC Empanelment Agencies) with mentioned that Pre-Monsoon Standard Elevation = 21.15928, Post-Monsoon Standard Elevation = 22.56564, volume of sand replenished 55082 cum and proposed production is 20000 cum/annum.

(xx) Any deficiencies/omission have been noticed in the above documents- Nil

2. **Whether SEAC recommended the proposal** – Yes, the proposal was placed in the SEAC meeting held on 06th & 07th March 2024 and the SEAC recommended to grant EC valid from the date of EC accorded upto the lease period with specific conditions stipulated for sand mine with following additional conditions.
- This is an existing mine. Fresh EC has been applied with submission of Replenishment Study Report which found to be satisfactory. So, EC may be recommended as per replenishment quantity i.e. 33049.6826 cum till replenishment study. Accordingly, EC was issued for maximum quantity of extraction limited to 20000 cum/annum based on approved mining plan quantity for rest of the year i.e. 2nd year, 3rd year, 4th year & 5th year from the date of issue of EC.
3. The proposal was considered by the SEAC in its meeting held on 23rd, 24th & 25th July. The SEAC recommended to grant EC valid from the date of EC accorded upto the lease period with specific conditions stipulated for sand mine with following additional conditions.
- i) Consent / NoC shall be obtained from the concerned authority if village road is to be used for transportation. The said road shall also be maintained by the lessee.
 - ii) In view of likely revision of DSR the mention of this deposit with final coordinates is to be ensured.
 - iii) The boundary area of the deposit as per the updated DSR defined by geo coordinates based on DGPS survey be superimposed on the cadastral map.
 - iv) Plantation programme to be completed within first two years and to be maintained in remaining years.
 - v) The Project proponent shall follow Sustainable Sand Mining Guidelines, 2020.
 - vi) The proponent shall provide Bio- toilet for the workers.
 - vii) Project Proponent shall not disturb the water course during mining
