**Subject:** Grant of prior Environmental Clearance (EC) for mining of Lime Stone capacity – 32,924 TPA, Kharsa No. 413, area– 1.98 Ha. at Village - Piplawand, Tehsil - Bastar, District - Bastar under the provisions of EIA Notification 2006-regarding

**Sir/Madam,**

This is in reference to your application submitted to SEIAA vide proposal number SIA/CG/MIN/487706/2024 dated 15/07/2024 for grant of prior Environmental Clearance (EC) for mining of Lime Stone capacity – 32,924 TPA, Kharsa No. 413, area– 1.98 Ha. at Village - Piplawand, Tehsil - Bastar, District - Bastar under the provision of the EIA Notification 2006-and as amended thereof.

2. The particulars of the proposal are as below :

(i) EC Identification No.	EC24C0108CG5261602N
(ii) File No.	OL/EC/MIN/BASTAR/3467
(iii) Clearance Type	Mining EC Under 5 Ha
(iv) Category	B2 (Re-appraisal)
(v) Project/Activity Included Schedule No.	1(a) Mining of minerals M/s GAJADHAR STONE MINE, LESSEE - SHRI GAJADHAR DHURUV, AREA - 1.98 HA. KHASRA - 413 VILLAGE - PIPLAVAND TEHSIL AND DIST - BASTAR (CG)
(vii) Name of Project	BASTAR, CHHATTISGARH
(viii) Location of Project (District, State)	SEIAA
(ix) Issuing Authority	No
(x) Applicability of General Conditions	

SEIAA, Chhattisgarh perused the application submitted by the project proponent and minutes of the meeting of SEAC3, Chhattisgarh in the 550th meeting held on 08/11/2024. It is noted that original application is for mining of Lime Stone (Minor Minerals) capacity 32,924 TPA. After deliberation, SEIAA, Chhattisgarh unanimously accepted the recommendation of SEAC-3, Chhattisgarh and decided to grant environmental clearance for mining of Lime Stone capacity – 32,924 TPA, Kharsa No. 413, area– 1.98 Ha. at Village - Piplawand, Tehsil - Bastar, District - Bastar, (C.G.). subject to the following documents:-

- Project proponent shall submit consent letter of the Gram Panchayat for the proposed CER work to be done in the Village pond.
- As far as the distance from Forest is concerned, the minimum distance of mining area from Reserve Forest and Protected Forest has to be decided.

With reference to above, ADS raised to PP on 22.11.2024 and PP has submitted the following documents on 25.07.2025:-

- Consent of Gram Panchayat, Piplawand submitted by PP.
  - Divisional Forest Officer, Bastar Vanmandal, Jagdalpur vide their letter no. 322 dated 28.01.2025 issued certificate that nearest forest is located at a distance of 251 meter from the mine area and no national park, sanctuary and bio diversity area is located at a distance of 10 Km.
3. In view of the particulars given in the Para 1 above, the project proposal interalia including Form-2 (Part A and B)/ EMP Reports were submitted to the SEIAA under the provision of EIA notification 2006 and its subsequent amendments.
  4. The above-mentioned proposal has been considered by SEIAA in the meeting held on 20/11/2024. The minutes of the meeting and all the project documents are available on PARIVESH portal which can be accessed from the PARIVESH portal by scanning the QR Code above. Brief description of the project is as under: [#Brief description on nature of the project activity-Auto fetch Para 1.1 Part B Form 1#]
  5. Details of the minerals to be mined along with production capacity and the brief on the salient features of the project as submitted by the project proponent in Form 2 (Part A and B) in the reports and as presented during [SEAC] are annexed to this EC as Annexure (1).
  6. The [SEAC], in its meeting held on 20/11/2024, based on information submitted viz: Form 2 (Part A and B)/EMP report etc & clarifications provided by the project proponent and after detailed deliberations on all technical aspects and compliance thereto furnished by the Project Proponent, recommended the proposal for grant of Environment Clearance under the provision of EIA Notification, 2006 and as amended thereof subject to stipulation of Specific and Standard EC conditions as detailed in the point below.
  7. The SEIAA has examined the proposal in accordance with the provisions contained in the Environment Impact Assessment (EIA) Notification, 2006 & further amendments thereto and based on the recommendations of the SEIAA hereby accords Environment Clearance for the instant proposal to M/s. GAJADHAR STONE MINE (Mr. Gajadhar Dhruv) under the provisions of EIA Notification, 2006 and as amended thereof subject to compliance of the Specific and Standard EC conditions as given in Annexure (2)
  8. The Ministry reserves the right to stipulate additional conditions, if found necessary.
  9. The Environmental Clearance to the aforementioned project is under provisions of EIA Notification, 2006. It does not tantamount to approvals/consent/permissions etc. required to be obtained under any other Act/Rule/regulation. The Project Proponent is under obligation to obtain approvals /clearances under any other Acts/ Regulations or Statutes, as applicable, to the project.
  10. The PP is under obligation to implement commitments made in the Environment Management Plan, which forms part of this EC.
  11. General Instructions:
    1. The project proponent shall prominently advertise it at least in two local newspapers of the District or State, of which one shall be in the vernacular language within seven days indicating that the project has been

accorded environment clearance and the details of SEIAA website where it is displayed.

2. The copies of the environmental clearance shall be submitted by the project proponents to the Heads of local bodies, Panchayats and Municipal Bodies in addition to the relevant offices of the Government who in turn must display the same for 30 days from the date of receipt.
  3. The project proponent shall have a well laid down environmental policy duly approved by the Board of Directors (in case of Company) or competent authority, duly prescribing standard operating procedures to have proper checks and balances and to bring into focus any infringements/deviation/violation of the environmental / forest / wildlife norms / conditions.
  4. Action plan for implementing EMP and environmental conditions along with responsibility matrix of the project proponent (during construction phase) and authorized entity mandated with compliance of conditions (during operational phase) shall be prepared. The year wise funds earmarked for environmental protection measures shall be kept in separate account and not to be diverted for any other purpose. Six monthly progress of implementation of action plan shall be reported to the Ministry/Regional Office along with the Six-Monthly Compliance Report.
  5. Concealing factual data or submission of false/fabricated data may result in revocation of this environmental clearance and attract action under the provisions of Environment (Protection) Act, 1986.
  6. The Regional Office of this SEIAA shall monitor compliance of the stipulated conditions. The project authorities should extend full cooperation to the officer (s) of the Regional Office by furnishing the requisite data / information/monitoring reports.
  7. Any appeal against this EC shall lie with the National Green Tribunal, if preferred, within a period of 30 days as prescribed under Section 16 of the National Green Tribunal Act, 2010.
12. This issue with an approval of the Competent Authority.

5	Member Secretary, Central Ground Water Board, West Block-2,Wing-3,Ground Floor,Sector-1, R.K.Puram, New Delhi - 110066
6	Collector, Office of the Collector, Bastar, District-Bastar (C.G.) for information and necessary action.
7	Regional Officer, Regional Office, Chhattisgarh Environment Conservation Board, Jagdalpur for information and necessary action.

**Annexure 1**

**Specific EC Conditions for (Mining Of Minerals)**

**1. Environment Clearance Conditions**

S. No	EC Conditions
1.1	<p>Statutory compliance:</p> <ol style="list-style-type: none"> <li>1. This Environment Clearance is subject to the changes from time to time, if Hon'ble Court of Law (Hon'ble Supreme Court of India or Hon'ble National Green Tribunal) given any direction or MoEF&amp;CC issued any Notification or Office Memorandum regarding the cluster situation.</li> <li>2. The Environmental clearance shall be subject to orders of Hon'ble Supreme Court of India, Hon'ble High Courts, NGT and any other Court of Law, from time to time, and as applicable to the project.</li> <li>3. The project proponent shall obtain Consent to Establish / Operate under the provisions of Air (Prevention &amp; Control of Pollution) Act, 1981 and the Water (Prevention &amp; Control of Pollution) Act, 1974 from the concerned State pollution Control Board/ Committee.</li> <li>4. The project proponent shall obtain the necessary permission from the Central Ground Water Authority or competent authority for usage of water.</li> <li>5. Solid/hazardous waste generated in the mines needs to be addressed in accordance to the Solid Waste Management Rules, 2016/Hazardous &amp; Other Waste Management Rules, 2016.</li> <li>6. Permission of power supply to be taken from the concerned authority for meeting power demand of the project site.</li> <li>7. The maximum production or peak production at any given time shall not exceed the limit as prescribed in the EC.</li> <li>8. Validity of EC is as per life of the mine mentioned in EC letter or 30 years from the execution of lease deed (i.e. 10/05/2040) as per EIA Notification, 2006 and its amendments therein.</li> </ol> <p>Additional conditions:</p> <ol style="list-style-type: none"> <li>1. Project proponent shall obtain the land diversion certificate from Department of Industry and Commerce for establishment of Crusher before commissioning of the crusher.</li> <li>2. No excavation work will be done in future around the mine area (area restricted for excavation).</li> <li>3. Top soil will be kept in the restricted area for excavation of the lease area and PP shall ensure to conserve the top soil for reclamation of mine and for plantation.</li> <li>4. Dense plantation of trees (400 nos) around the 7.5 meter mine lease area (area restricted for excavation) and ensuring a 90 percent survival rate of the planted plants.</li> <li>5. Regular water sprinkling arrangements in the mine lease area and also in haul road to control the fugitive dust emissions.</li> <li>6. Employment provided to the local people under the Chhattisgarh Model Rehabilitation Policy.</li> <li>7. Project proponent shall ensure that any kind of contaminated water (if generated) shall not flow into the natural water source, pond, river, drain under any circumstances.</li> <li>8. There should be regular monitoring of the mining activities in the State to ensure effective compliance of stipulated EC conditions and of the provisions under the Minor Mineral Concessions Rules framed by the State Government.</li> </ol>

S. No	EC Conditions
	<p>9. Project proponent shall ensure that mining operation shall be carried out in day time.</p> <p>10. The pollution load due to transportation on the environment shall be effectively controlled and water sprinkling shall also be done regularly.</p> <p>11. Project proponent shall ensure that control blasting and this shall be done by DGMS authorized license holder.</p> <p>12. Project proponent shall ensure that the construction of boundary pillars as per Mineral Concession Rules, 1960 (as amended).</p> <p>13. The mineral transportation shall be carried out through covered trucks only and the vehicles carrying the mineral shall not be overloaded.</p> <p>14. Project proponent shall submit Completion certificate of proposed plantation under CER activities, 7.5 meter safety barrier plantation along with Geotag photographs in six monthly compliance report.</p> <p>Air quality monitoring and mitigation measure:</p> <ol style="list-style-type: none"> <li>1. Ambient air quality monitoring shall be conducted once in a year in the core zone as well as in the buffer zone for monitoring of pollutants, namely particulates, SO<sub>2</sub> and NO<sub>x</sub>. Location of the stations shall be decided based on the meteorological data, topographical features and environmentally and ecologically sensitive receptors. The report shall be submitted to the SEIAA, C.G./ SEAC, C.G.</li> <li>2. The Ambient Air Quality monitoring in the core zone shall be carried out. Data on ambient air quality and heavy metals such as Hg, As, Ni, Cd, Cr and other monitoring data shall be regularly reported to the Ministry/Regional Office and to the CPCB/SPCB.</li> <li>3. Transportation of minerals, to the extent if permitted by road, shall be carried out by covered trucks. Effective control measures such as regular water sprinkling etc., shall be carried out in critical areas prone to air pollution with higher level of particulate matter all through the transport roads, loading/unloading and transfer points. Fugitive dust emissions from all sources shall be controlled regularly. It shall be ensured that the ambient air quality parameters conform to the norms prescribed by the Central/State Pollution Control Board.</li> <li>4. Major approach roads shall be properly maintained.</li> <li>5. PP to install solar lights along the road used for transportation to avoid the accidents at night and also seek its maintenance.</li> <li>6. The transportation of mineral shall be carried out as per the provisions and route proposed in the approved mining plan. Road passing through any village shall be avoided. In case, it is proposed to construct a 'bypass' road, it should be so constructed that the impact of sound, dust and accidents could be appropriately mitigated.</li> <li>7. Vehicular emissions shall be kept under control and regularly monitored. All the vehicles engaged in mining and allied activities shall operate only after obtaining 'PUC' certificate from the authorized pollution testing centers.</li> <li>8. Water sprinkling arrangement shall be provided to reduce the impact of air pollution.</li> <li>9. Post environmental closure third party monitoring by reputed instituted in air quality, water, land &amp; soil etc shall be carried out and analysed with EMP measures at regular</li> </ol>

S. No	EC Conditions
	<p data-bbox="459 232 1469 297">interval. A suitable recommendation in this regard, shall be furnished to IRO, MoEF&amp;CC for compliance.</p> <p data-bbox="379 333 954 362">Water quality monitoring and mitigation measures:</p> <ol data-bbox="432 398 1469 2047" style="list-style-type: none"> <li data-bbox="432 398 1469 607">1. Regular monitoring of ground water level and quality shall be carried out in and around the mine lease area by establishing a network of existing wells and constructing new piezometers during the mining operations. The monitoring of ground water levels shall be carried out four times a year i.e. pre-monsoon, monsoon, post-monsoon and winter. The ground water quality shall be monitored once a year, and the data thus collected shall be sent regularly to MOEFCC/RO.</li> <li data-bbox="432 636 1469 770">2. If any river, ponds and lakes close to the mine lease area, monitoring of water quality upstream and downstream of river including ponds, lakes shall be carried out once in six months and record of monitoring data shall be maintained and submitted to the Ministry of Environment, Forest and Climate Change/Regional Office.</li> <li data-bbox="432 799 1469 898">3. Ground water, excluding mine water, shall not be used for mining operations. Rainwater harvesting shall be implemented for conservation and augmentation of ground water resources.</li> <li data-bbox="432 927 1469 1135">4. The project proponent shall not alter major water channels around the site. Appropriate embankment shall be provided along the side of the river/nallah flowing near or adjacent to the mine. The embankment constructed along the river/nallah boundary shall be of suitable dimensions and critical patches shall be strengthened by stone pitching on the river front side, stabilized with plantation so as to withstand the peak water pressure preventing any chance of mine inundation.</li> <li data-bbox="432 1164 1469 1447">5. Garland drains (of suitable size, gradient and length) around the critical areas i.e. mine shaft and low lying areas, shall be designed keeping at least 50% safety margin over and above the peak sudden rainfall and maximum discharge in the area adjoining the mine sites. The sump capacity shall also provide adequate retention period to allow proper settling of silt material of the surface runoff The water pumped out from the mine, after siltation, shall be utilized for watering the mine area, roads, green belt development etc. The drains shall be regularly desilted particularly after monsoon and maintained properly.</li> <li data-bbox="432 1476 1469 1574">6. The water pumped out from the mine, after siltation, shall be utilized for industrial purpose viz. watering the mine area, roads, green belt development etc. The drains shall be regularly desilted particularly after monsoon and maintained properly.</li> <li data-bbox="432 1603 1469 1702">7. Adequate groundwater recharge measures shall be taken up for augmentation of ground water. The project authorities shall meet water requirement of nearby village(s) in case the village wells go dry due to dewatering of mine.</li> <li data-bbox="432 1731 1469 2047">8. The surface drainage plan including surface water conservation plan for the area of influence affected by the said mining operations shall be prepared, considering the presence of any river/rivulet/pond/lake etc., with impact of mining activities on it, and implemented by the project proponent. The surface drainage plan and/or any diversion of natural water courses shall be as per the provisions of the approved Mining Plan/ EIA-EMP submitted to this Ministry and the same should be done with due approval of the concerned State/GoI Authority. The construction of embankment to prevent any danger against inrush of surface water into the mine should be as per the approved mining plan and as per the permission of DGMS.</li> </ol>

S. No	EC Conditions
	<p data-bbox="432 232 1473 300">9. Domestic water shall be providing to the residents/villages which are coming under the zone of influence of the project due to ground water extraction by installing a RO plant.</p> <p data-bbox="379 333 922 360">Noise and Vibration monitoring and prevention:</p> <ol data-bbox="432 398 1473 734" style="list-style-type: none"> <li data-bbox="432 398 1473 607">1. Adequate measures shall be taken for control of noise levels as per Noise Pollution Rules, 2016 in the work environment. Workers engaged in blasting and drilling operations, operation of HEMM, etc shall be provided with personal protective equipments (PPE) like ear plugs/muffs in conformity with the prescribed norms and guidelines in this regard. Adequate awareness programme for users to be conducted. Progress in usage of such accessories to be monitored.</li> <li data-bbox="432 636 1473 734">2. The noise level survey shall be carried out as per the prescribed guidelines to assess noise exposure of the workmen at vulnerable points in the mine premises, and report in this regard shall be submitted to the Ministry/RO on six-monthly basis.</li> </ol> <p data-bbox="379 770 528 797">Mining Plan:</p> <ol data-bbox="432 835 1473 1249" style="list-style-type: none"> <li data-bbox="432 835 1473 902">1. Mining shall be carried out under strict adherence to provisions of the Mines Act 1952 and subordinate legislation made there-under as applicable.</li> <li data-bbox="432 927 1473 994">2. Mining shall be carried out as per the approved mining plan (including Mine Closure Plan) and the relevant circulars issued by Directorate General Mines Safety (DGMS)..</li> <li data-bbox="432 1019 1473 1160">3. Mining shall be carried out in forest land without obtaining Forestry Clearance as per Forest (Conservation) Act, 1980 and also adhering to The Scheduled Tribes and Other Traditional Forest Dwellers (Recognition of Forest Rights) Act, 2006 read with provisions of Indian Forest Act, 1927.</li> <li data-bbox="432 1184 1473 1249">4. Efforts should be made to reduce energy and fuel consumption by conservation, efficiency improvements and use of renewable energy.</li> </ol> <p data-bbox="379 1285 592 1312">Land Reclamation:</p> <ol data-bbox="432 1350 1473 2056" style="list-style-type: none"> <li data-bbox="432 1350 1473 1451">1. Post-mining land be rendered usable for agricultural/forestry purposes and shall be handed over to the respective State Government, as specified in the Guidelines for Preparation of Mine Closure Plan.</li> <li data-bbox="432 1476 1473 1686">2. Regular monitoring of subsidence movement on the surface over and around the working areas and its impact on natural drainage pattern, water bodies, vegetation, structure, roads and surroundings shall be continued till movement ceases completely. In case of observation of any high rate of subsidence beyond the limit prescribed, appropriate effective mitigation measures shall be taken to avoid loss of life and materials. Cracks should be effectively plugged in with ballast and clay soil/suitable material.</li> <li data-bbox="432 1711 1473 1812">3. A separate team for subsidence monitoring and surface mitigation measures shall be constituted and continuous monitoring &amp; implementation of mitigation measures be carried out.</li> <li data-bbox="432 1836 1473 1937">4. Thorough inspection of the mine lease area for any cracks developed at the surface due to mining activities below ground shall be carried out to prevent inrush of water in the mine.</li> <li data-bbox="432 1962 1394 1989">5. Native tree species shall be selected and planted over areas affected by subsidence.</li> <li data-bbox="432 2022 1473 2056">6. The project proponent shall make necessary alternative arrangements, if grazing land is</li> </ol>

S. No	EC Conditions
	<p>involved in core zone, in consultation with the State government to provide alternate areas for livestock grazing, if any. In this context, the project proponent shall implement the directions of Hon'ble Supreme Court with regard to acquiring grazing land.</p> <p><b>Human health issues:</b></p> <ol style="list-style-type: none"> <li>1. Adequate illumination shall be ensured in all mine locations (as per DGMS standards) and monitored.</li> <li>2. The project proponent shall undertake occupational health survey for initial and periodical medical examination of the personnel engaged in the project and maintain records accordingly as per the provisions of the Mines Rules, 1955 and DGMS circulars. Besides regular periodic health check-up, 20% of the personnel identified from workforce engaged in active mining operations shall be subjected to health check-up for occupational diseases and hearing impairment, if any, as amended time to time.</li> <li>3. Personnel (including outsourced employees) working in core zone shall wear protective respiratory devices and shall also be provided with adequate training and information on safety and health aspects.</li> <li>4. Skill training as per safety norms specified by DGMS shall be provided to all workmen including the outsourcing employees to ensure high safety standards in mines.</li> <li>5. Effective arrangement shall be made to provide and maintain at suitable points conveniently situated, a sufficient supply of drinking water for all the persons employed.</li> <li>6. Project proponent shall conduct health checkup facilities twice in a year for the villagers.</li> <li>7. PP to take measure for installation of Renewable Energy sources in nearby area falling within 10 km radius.</li> </ol> <p><b>Corporate Environment Responsibility:</b></p> <ol style="list-style-type: none"> <li>1. The company shall have a well laid down environmental policy duly approve by the Board of Directors. The environmental policy should prescribe for standard operating procedures to have proper checks and balances and to bring into focus any infringements/deviation/violation of the environmental/ forest/ wildlife norms/ conditions. The company shall have defined system of reporting infringements/deviation/violation of the environmental/ forest/ wildlife norms/conditions and/or shareholders/ stake holders.</li> <li>2. A separate Environmental Cell both at the project and company head quarter level, with qualified personnel shall be set up under the control of senior Executive, who will directly to the head of the organization.</li> <li>3. Action plan for implementing EMP and environmental conditions along with responsibility matrix of the company shall be prepared and shall be duly approved by competent authority. The year wise funds earmarked for environmental protection measures shall be kept in separate account and not to be diverted for any other purpose. Year wise progress of implementation of action plan shall be reported to the Ministry/Regional Office along with the Six Monthly Compliance Report.</li> <li>4. Self environmental audit shall be conducted annually. Every three years third party environmental audit shall be carried out.</li> </ol>

S. No	EC Conditions
	<p>10. The Ministry may revoke or suspend the clearance, if implementation of any of the above conditions is not satisfactory.</p> <p>11. The Ministry reserves the right to stipulate additional conditions if found necessary. The Company in a time bound manner shall implement these conditions.</p> <p>12. The Regional Office of this Ministry shall monitor compliance of the stipulated conditions. The project authorities should extend full cooperation to the officer (s) of the Regional Office by furnishing the requisite data / information/ monitoring reports.</p> <p>13. The above conditions shall be enforced, inter-alia under the provisions of the Water (Prevention &amp; Control of Pollution) Act, 1974, the Air (Prevention &amp; Control of Pollution) Act, 1981, the Environment (Protection) Act, 1986, and the Public Liability Insurance Act, 1991 along with their amendments and Rules and any other orders passed by the Hon'ble Supreme Court of India / High Courts and any other Court of Law relating to the subject matter.</p> <p>14. The illumination and sound at night at project sites disturb the villages in respect of both human and animal population. Consequent sleeping disorders and stress may affect the health in the villages located close to mining operations. Habitations have a right for darkness and minimal noise levels at night. PPs must ensure that the biological clock of the villages is not disturbed; by orienting the floodlights/ masks away from the villagers and keeping the noise levels well within the prescribed limits for day light/night hours.</p>

Subject	Details related to the applied case
Online Application	EC Proposal no. - 487706 Applied Date - 15/07/2024
Nature of Project	Existing Mine
SIA/CG/MIN/487706/2024 Type Of Mine	Lime stone (Minor Minerals) <span style="float: right;">Page 12 of 15</span>

Applied Area (ha.) & Capacity (TPA)	1.98 Ha & 32,924 TPA
Khasra no.	413
Land	Private
Land Owner's Name (If Private) & Consent	Khasra no. 413 in the name of Mr. Gajadhar Dhruv
Details of Meeting	Intimation letter for Presentation Date : 02/11/2024 550 th Meeting Dated 08/11/2024
Representatives present for presentation	Mr. Vivek Chandrakar, Authorized Representatives Consent of Authorized Representatives- Yes
Details of Old EC	Type of Mine – Lime stone (Minor Minerals) Khasra number – 413 Area – 1.98 hectares Capacity – 32,924 TPA Date – 01/03/2017 Validity period – 10/05/2040 (issued by DEIAA) District - Bastar
Compliance Report of Old EC	Submitted : Yes As per the Old EC conditions 500 nos. of trees have been planted.
Past Production certified by the Mineral Department (Year wise)	Date : 09/02/2024 2019-20 - 3,218 ton 2020-21 - 7,708 ton 2021-22 - 18,853 ton 2022-23 - 4,072 ton 2023-24 till (09/2023) - Nil
Gram Panchayat NOC	Village - Piplawand Date : 15/08/2008
Approved Mining Plan	Date : 16/01/2017
500 m	Date : 08/07/2024 No. of mines - 13 Total Cluster (including applied mine) Area - 56.743 Ha
200 m	Date : 08/07/2024 Restricted Area – No
Lease Deed	Name of Lease holder - Mr. Gajadhar Dhruv Date - 11/05/2010 to 10/05/2040 Validity Period - 30 Years
Forest Department NOC SIA/CG/MIN/487706/2024	Date : 26/02/2024 Issued by Divisional Forest Officer Forest Division, Bastar, Jagdalpur Distance from Nearest Forest – 251 m

Nearest Habitation/Structure	Village - Piplawand 2 km School - Piplawand 3 km Hospital - Bastar 12 km National Highway - 6 km State Highway - 60 km River - Boria 3 km
Ecology/Biodiversity Area	No Inter-state border, national park, sanctuary, critically polluted area declared by the Central Pollution Control Board, ecologically sensitive area or declared biodiversity area located within its 5 km perimeter.
Mining Details	Mining Method - Open cast mechanized Drilling and Blasting – Yes According to mining Plan Reserves Geological Reserves – 6,44,422 T Mina ble Reserves – 3,33,441 T Proposed Depth - 17 m Bench Height – 1.5 m Bench width – 1.5 m Life of Mine – 10 Years Crusher – Established Crusher area – 700 Sqm Year Wise Proposed Production Detail – 1st Year - 34,381 T 2nd Year - 34,381 T 3rd Year - 34,381 T 4th Year - 38,610 T 5th Year - 31,178 T 6th Year - 31,178 T 7th Year - 31,178 T 8th Year - 31,178 T 9th Year - 31,178 T 10th Year - 32,047 T
Restricted Area for Mine (Mine Safety Area)	Area of 7.5 m wide safety zone - 4,088 Sqm Excavated – No
Non mining zone	Yes, Details (If yes) - Due to crusher Crusher area – 700 Sqm
Top Soil / Over Burden Management Plan	No top soil generated in this period.
Water Requirement	Quantity - 5 KLD Source – Bore well NOC has been obtained from Central Ground Water Authority and a copy has been submitted.
Plantation Work	Plantation of trees around 7.5 meters of lease area - 4,088 Sqm Current Plantation - 500 nos. Proposed Plantation - 300 nos. Amount for 5 years for the proposed plantation work (Total plantation - 300 nos) -2,88,800/-
SIA/CG/MIN/487706/2024 Category	B1 The total area including the applied mine is 56.743 hectares.

Affidavit	
Total Project Cost	Rs. 30 Lakhs

**CER Details :**
